

## INVADES ENEMY'S TERRITORY

Governor Harmon Has  
Strenuous Day's  
Campaign

## PAYS RESPECTS TO TAFT

And Incidentally Takes Some Hot  
Shots at His  
Rival.

Lorain, Ohio, Nov. 1. — Cutting sarcasm was the chief note of the address delivered here last night by Governor Judson Harmon, who began his tour of the strongly Republican territory hitherto untouched by him in the campaign.

His principal theme was the proposed avalanche of cabinet officers which is to slide into Ohio this week at the instigation of the president, William H. Taft, to aid James R. Garfield, the progressive, and "Fire Alarm Foraker, the Finnigan of the Forum," the standpatter.

Brushing aside Secretary Philander C. Knox, attorney for the Steel trust, and Attorney General Wickensham, the counsel for the Sugar trust, Governor Harmon demanded to know why Secretary of the Interior Richard Achilles Ballinger, was not being hurried to the firing line. His immediate predecessor, Mr. Garfield, aided by Gifford Pinchot, as the whole world knows, has been endeavoring, and with some success, to prove that Ballinger used his cabinet portfolio to aid the Guggenheim-Alaskan syndicate. Mr. Pinchot is now making speeches denouncing the Taft administration for betraying the platform promise on the tariff bill.

In his review Governor Harmon did not fail to call attention to two speeches of President Taft, which, he said, the cabinet members might use in their addresses to the people of Ohio, whom they were "going to tell how to vote." One was the Akron speech of 1905 denouncing the Cox organization at Cincinnati, and the other was the Winona speech, asserting that the Payne-Aldrich-Smoot bill was the best tariff measure ever passed.

Incidentally this brought in the famous speech of Attorney General Wickensham at Chicago, denouncing the progressive Republicans in the name of the national administration. In the matter of state issues the governor only inferentially referred to the Thorndyke-Harding speech at Cleveland on the tax matter. He simply said that his opponents refused to accept the truth and it was useless to pursue them any further. The usual eleven-hour "roor-backs" were also referred to. This is what the governor said in brief:

"The closing days of the campaign are here with rather more than the usual number of slanders in circulation and other form. It is useless to pursue these with the truth, for they keep on just the same. Has it ever occurred to the authors and promoters of these that no man could possibly serve the people with credit who gets an office from them by false pretenses? Disgrace is sure to overtake such a man.

"We are to be overrun now with visiting statesmen. I am sorry my engagements prevent my going in silk hat and all that to receive them on the border, for they are coming on a high mission, to tell the people of Ohio how to vote.

"The members of the cabinet will have two of the president's speeches pasted in their hats for constant reference, the one in Winona saying the Payne-Aldrich-Smoot tariff is the best ever, and the one in Akron saying the Cox machine is the worst ever. But why comes not Ballinger also among them? Can't he talk? Or is the president unwilling to part with him even for a little while? What's the matter with Ballinger? Isn't he all right?

"Mr Harding misses the chief point in the matter of grafting by state officials. It is ridiculous in him to call the amounts of public money taken by these men through their various devices 'petty grafting,' and 'magnified misdemeanors.' Guilt-bribe's bank has already paid back nearly \$6,000. The indictments already found are laid for graft amounting to more than \$50,000. Denman has brought suit on the bonds of Cameron and McKinnon only to recover nearly half a million dollars, and there are several suits still to be brought. The amount absorbed in the Public Works department is not yet known.

"But what has aroused the people of the state more than the number of officials and the large amounts involved, is the attitude of the other Republican officials and the organization and press of that party.

## GOULD CHILDREN MAY BE EDUCATED UNDER THE CARE OF COURTS

HELEN AND DOROTHY GOULD

Surrounded by all that money can buy, the two daughters of Frank Gould are still denied the care of father and mother through the divorce proceedings and remarriage of both parents. Helen and Dorothy Gould are being cared for by their aunt, Miss Helen Gould, who has agreed to educate the children. This arrangement was made by Mrs. Gould who later became Mrs. R. H. Thomas. Frank Gould before he returned to Paris with Edith Kelly, the actress, who is said to be Mrs. Gould No. 2, filed some objections to the

It has been one of bold denial and determination to cover up the graft and side with the grafters in the face not only of the strongest circumstances of suspicion, and in some cases plain proof, until the disclosures of last fall and winter drove them to change their course to that of themselves claiming credit for results they did their utmost to prevent.

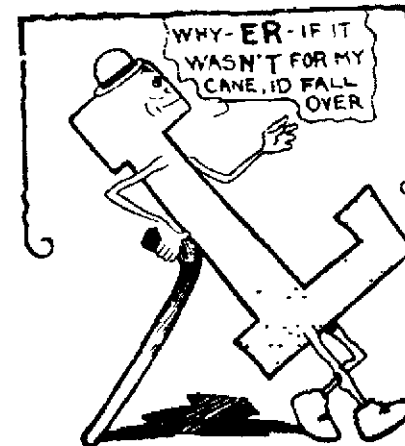

"First came the defeat in the house of the resolution to investigate when the state treasurer refused to give that body information about the deposits of the public moneys.

"Then came the opposition to the like resolution in the senate which missed defeat only by one vote, and the constant obstruction and abuse of the committee which made the investigation.

"All through the ensuing campaign Governor Harris and his fellow officials and candidates assured the people there was nothing wrong anywhere, though the committee's report and that of Mark Slater's successor showed there was something wrong. The Republican state committee flooded the state with denials. So did the thick and thin Republican papers, including the one owned and edited by Mr. Harding.

"The unseemly action of the Republican leaders in tying my hands by confirming Governor Harris' appointments at the special session called just one week before my inauguration, was a confession of unseemliness. So was the unprecedented course of hanging the lieutenant governor on my back and heaping obstructions in my way when I asked for a commission to complete investigations which had been held

rules set down by their mother, and now it is reported that the two beautiful children may be brought into court. Society grows bitter when it discusses these two children. Miss Helen Gould is reported to have tried to persuade her brother from having the children educated under the care of the courts, but well founded reports declare the young man is stubborn over what he claims are his rights. A conference between the attorneys of the various interested parties is scheduled to be held soon, and efforts will be made to settle the disputes.

up by court proceedings founded on trivial technicalities.

"All this alarmed the people because it showed that the officials engaged in robbing them were numerous and powerful enough to control the other state officers, the majority in the general assembly and the organization and most of the press of the dominant party.

"This accounts for my election as governor in the face of an immense majority for Taft. This set my chief task for me and has made the present state campaign turn on the question whether I have kept faith with the people or broken it."

Governor Harmon spoke to three great audiences in Lorain county during the day's campaigning. If there is anything in attendance, then he outdid his opponent handsomely, for his hearers were double those who gathered in Harding's honor.

Especially is this true of the meeting here last night. It was at this point that Harding reiterated the C. H. & D. charges after the governor had denied them at Middletown, for the reason he went into detail to his audience that it was Mr. Harding's complete lack of the knowledge of business that permitted designing men to use him as their tool.

## NO HARDING MONEY CAN BE LOCATED

Cleveland, O. Nov. 1.—Clevelanders anxious to bet on the race for governor are sending up a howl because there is no Harding money in sight. Quinn C. Harris, usually the holder of thousands of dollars in bets report they haven't a cent on "rakes." Tim Raligh says he is holding about \$12,000, half the amount usually put up at this time. "Most of the bets are that Harmon will win by 39,000," Raligh said. "The bettors believe there is no chance for Harding."

Jack Mintz, in the Hollenden, offered to bet \$100 to \$40 that Harmon will win. Nobody took him up.

## WELLMAN HEARS FROM DR. COOK

New York Nov. 1.—Walter Wellman has received a letter from Dr. Cook congratulating him on his attempt at trans-Atlantic flight. Cook sent the letter through a London newspaper man. He says such flights will do man more good than finding the pole.

## VEHICLE TRAFFIC MAY CEASE

Union Teamsters and  
Chauffeurs May Strike  
in New York

## SYMPATHETIC MOVEMENT

May Result in General Tie Up  
and Nation Wide Strike of  
Express Drivers

New York, Nov. 1.—The calling out of 100,000 union teamsters, chauffeurs and helpers in New York City alone and the ordering of a nation wide strike of all express drivers and helpers is threatened today as a result of the express drivers' strike in this city. The question of calling a sympathetic strike of all unions affiliated with the international teamsters union will be decided at a meeting of the executive committee tonight. Should it be ordered, the union officials declare that practically all vehicle traffic in New York will cease at once.

The affiliated unions, with a total membership of nearly one hundred thousand, include the drivers of practically every merchandise transporting wagon in the city, thousands of cabmen, automobile chauffeurs and drivers generally.

Calling them out, the union officials declare, will completely paralyze the business of the city.

The question of calling a nation-wide strike of all express drivers and helpers is to be postponed for a few days to permit organization of the men in the larger cities. Word was received today that the complete organization has been effected at Newark, N. J., Philadelphia and Boston.

In anticipation of ordering a national strike, the international brotherhood of teamsters today prepared a new wage scale for the express drivers that is to be demanded in all the large cities. It calls for a monthly wage to route drivers of \$80; transfer and schedule men, \$70; single wagon drivers, \$65, chauffeurs, \$80; first helpers, \$55, together with an eleven hour work day, the elimination of Sunday work as much as possible and several minor concessions.

In continuation of the fight in New York, the express drivers today appointed a committee to confer with Health Commissioner Lederle on the disposition of perishable goods tied up by the strike. The union men allege that over 100 express cars of perishable food are being held up in the express companies yards of New York and they will ask the health commissioner to decide whether food-stuffs of this nature shall be allowed to go to the public for consumption after it has been delayed in delivery for several days.

A similar committee was also appointed to protest to Mayor Gaynor against the use of city policemen on express wagons, several of whom, they declare, have actually gone so far as to drive the wagons and trucks.

The ranks of the strikers were today augmented to about 5,000 men by the going out of all express platform men, including the waiters, checkers and porters.

So effective has been the tieup that the express companies, with the protection of all the police of the city, including the full reserve list, were able to move only six wagons today, the usual number being about 120.

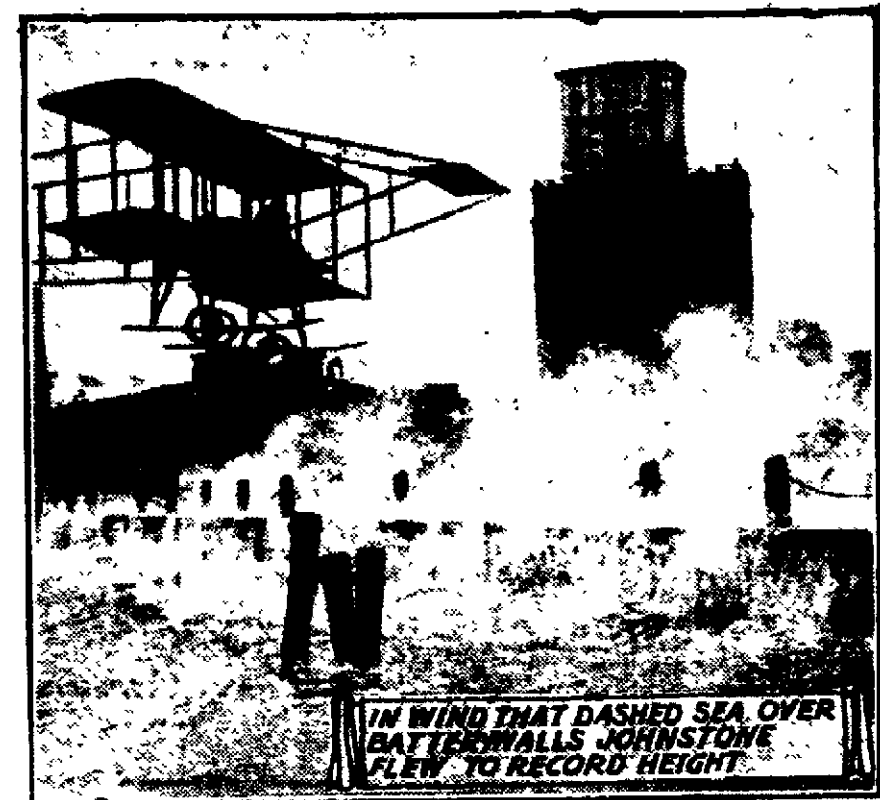

While no general rioting occurred today, individual clashes between the strikers, strike-breakers and police were frequent and several arrests resulted.

## HOSIERY WAS SUBJECT OF A WARM DEBATE

Huntington L. L. Nov. 1. — Six pairs of socks, the humble variety of cotton socks set at naught the oratorical efforts of Congressman Cocks and Littleton last night. They were debating on political questions, the congressmen not the socks, and Cocks pulled the socks from his pocket with all due flourish and the announcement that under the present tariff they could be procured two pairs for a quarter.

Littleton retorted that before the law was passed they could have been bought 31 per cent cheaper. Whereupon argument poured forth like water from a hose, stocking the atmosphere with heat, while the crowd yelled "sock it to him," and the judges decided to call the debate off without decision.

## MOST REMARKABLE FLYING EFFORT EVER MADE IN FACE OF SEVENTY MILE WIND

IN WIND THAT DASHED SEA OVER BATTERY WALLS JOHNSTONE FLEW TO RECORD HEIGHT

New York, Nov. 1.—Think of going up in an aeroplane in the face of wind that drove the waves high over the Battery park sea wall in New York city, that snapped telegraph poles in two and that drove clouds of dust in a wind, swirling storm, and you have a slight idea of the storm Ralph Johnstone faced when he soared over 9,000 feet in the air. How he ever performed the feat, truly the most remarkable in a heavier than air machine, is a mystery to the people who had all

they could do to cling to the ground in the face of more than a seventy mile wind. But Johnstone did it and thereby established a new record for flying. True, he was driven fifty-five miles away from the starting point and could not work his way back, but he went through snow and sleet and whirlpools of wind until he had broken another American record for height. This illustration gives an idea of the height of the waves as Johnstone tried to make his way toward the statue of Liberty.

## FIFTY-EIGHT NAMES ADDED TO THE CARNEGIE HERO LIST

Pittsburg Nov. 1. — Fifty-eight names were added to the Carnegie hero list in the United States by the Carnegie hero fund commission at its fall meeting. For acts of heroism, 30 silver and 28 bronze medals were awarded the life-savers or their families, in cases where death resulted. In addition, cash awards aggregating \$40,250 were made in 23 of the cases, the cash to be used for educational or other worthy purposes at the discretion of the executive committee, while in 23 other cases of rescue or attempted rescue, where the heroes died as a result, pensions ranging from \$20 to \$70 a month were made to the dependents, with \$5 a month additional for each child left.

Of the rescues from death, or the attempts, seven were from railroad

trains or street cars, 19 from drownings, one from a runaway horse, and eight from suffocation in gas producers or wells, 20 from death in mine disasters, two from fire and one from shooting. The mine disaster at Cherry, Ill., in November, 1909, figured prominently in the hero list with the recognition of the heroism of 13 miners. Eleven of these died from injuries in rescuing an unknown number of miners, and besides a silver medal, the monthly stipends were made to the families in these cases. Two that survived were awarded the silver medal and \$1000 each. One other man is given a medal.

Only one Ohio name, John H. Thompson of Ashtabula, appears in the list of awards. He will receive a bronze medal.

## AUTOIST ON TRIAL FOR KILLING GIRL WHILE SPEEDING

New York, Nov. 1.—E. T. Rosenheimer, millionaire, was very nervous today at the resumption of his trial for first degree murder. His auto struck and demolished a buggy on August 18, killing Miss Grace Hough and seriously injuring the other two occupants. Witnesses say he was going 50 miles an hour. The jury in this case is composed of prominent businessmen, none of whom own machines.

John Deans, another autoist, saw the accident and caught Rosenheimer's number when the latter tried to escape by flight after he struck the buggy. The smashed buggy and the car in front of the auto will be introduced as evidence.

The defense will probably try to show carelessness on the part of the occupants of the buggy. Many autoists are among the spectators at the trial.

Charged with soliciting and accepting \$500 to hang the Rosenheimer jury George W. Yeandale a juror in that case was arrested today and remanded to the Tombs prison for examination Thursday.

He was a juror in the famous Nan Patterson trial and is said to have admitted to Rosenheimer's lawyer O. S. Byrne that he hung the jury for \$300.

It was O'Brien who told the court of the present offer. Detectives set a trap for Yeandale and saw him accept the \$500 which had been previously marked.

## SPOOKS BROKE UP THE PARTY

Philadelphia, Nov. 1. Miss Camille Walker, whose father owns Woodland cemetery, last night gave a Halloween party among the tombstones of the burial ground. When the fun was at its height the guests were terrorized by several very real appearing spooks and the party was spoiled. The spooks turned out to be neighbors who objected to social festivities in a cemetery.

## LID RAISED IN CHINATOWN

New York, Sept. 1.—The lid has been partly raised in Chinatown. Police orders to keep all white people out of the district after midnight has been modified to allow respectable white people there at any time.

This is the result of a protest made to Mayor Gaynor by restaurant proprietors who said they would lose money under the exclusion rule.

## KINDEST ACT IN CAMPAIGN

Akron, Nov. 1.—One hundred and fifty school children heard Governor Harmon talk here today being dismissed that they might see the governor. Harmon called the dismissal the kindest act he has seen in his campaign.

## STRICKEN WITH HEART FAILURE ON THE STREET

Frank Wilkins, 76 years old, a prosperous farmer living at Wilkins Corners, died of heart failure in front of the Stephan department store Tuesday afternoon at 2:15 o'clock. Mr. Wilkins had been talking to Fireman Melick of the Central fire department and had just turned away when he fell backward. Every aid possible was rendered but he died before a physician could reach him. Dr. McClure was the first to the scene and pronounced him dead. The body was carried to the patrol house where it was held until his wife had been found.

Mr. and Mrs. Wilkins drove into Newark today and separated to do some shopping and it was some time before she could be found.

Besides his wife, two children, Henry and Milton, survive him. Mr. Wilkins lived all his life on the same farm where he was born.

## WRIGHTS CAPTURE RECORD

Johnstone in 35-Horse-  
power Flyer Reaches  
Height of 9,714 Feet

## LIST OF THE WINNERS

Aviator Drexel Beats the Aero  
Club for Decision on  
Moisant's Flight.

New York, Nov. 1.—A baby Wright roadster, with Ralph Johnstone at the wheel, glided gracefully to earth in the twilight at the close of the international aviation meet at Belmont Park last evening, with the barograph registering a new world's record for altitude. The little machine of only 35 horsepower had been up 9,714 feet, exceeding by 528 feet the height attained in France on October 1 by Henry V. Wynnmalen of Holland.

But Johnstone's sky-climbing feat was not the only notable incident of the closing day of the meet. Claude Grahame-White, the athletic Britisher who carried away the Gordon-Bennett trophy, which takes the next international tournament to England, sharpened the sporting appetite with a challenge to John B. Moisant of Chicago for another race from the park around the Statue of Liberty, in New York harbor, and return. Moisant, who won \$10,000 for his last flight around the statue yesterday, ignored the challenge, unless White agreed to fly in a 50 horsepower Bleriot, a machine equal in power to his own. Grahame-White, who made the statue flight in a 100 horsepower Bleriot, declined to entertain this counter offer, so that the chance for another thrilling flight over Brooklyn is off.

Then Grahame-White, denied another chance for a visit to Miss Liberty, sent a thrill through the spectators, when, at the close of a speed race with J. A. D. McCurdy of the Curtiss team, his propeller snapped, his monoplane dug into the ground in front of the grand stand, turned turtle and buried the aviator beneath. He was uninjured and won the race.

Moisant's winning of the \$2000 distance prize offered by the Aero club of America was the other big event of the day. He traveled approximately 87 1-2 miles in two hours. In landing after winning the event, he smashed his propeller and broke a running wheel, but escaped unscathed.

"I was in a pretty purple haze up there," said Johnstone after he had finished his record flight, "and say, but it was cold. I had a couple of sweaters on, beside my rubber suit and face mask, but then at times I felt as if freezing."

"Several times I lost complete sight of the earth, but when I shot clear of the haze I could see away down below buildings and residences which looked like toy blocks. I have been flying only since June, but this was sure the most satisfactory trip I have ever made."

The Wright brothers were jubilant at Johnstone's success. It was the first time he had ever flown their tiny roadster, and he had set a new mark for aviators of the world. Arch Hoxsey, his friend and rival climber, was one of the first to congratulate Johnstone.

As the crowds about the judges' stand cheered and cheered the announcement of Johnstone's wonderful air feat J. Armstrong Drexel swooped down to earth. He had been battling in the clouds with the Wright pupil, but had attained "only 8370" feet. Johnstone had easily won the grand altitude event with his \$5000 prize.

The summary of yesterday's events were unofficially announced, subject to change, as follows: Aero Club of America distance event, 2 hours, around 1.55-mile course.

Moisant, 56 laps, penalized 3 laps for fouling; total 53 laps. Time—1:57:24 3-5. Latham, 32 laps.

Webster's NEW INTERNATIONAL Dictionary, (G. & C. Merriam Co., Springfield, Mass.) surpasses the old International as much as that book exceeded its predecessor. On the old foundation a new superstructure has been built. The reconstruction has been carried on through many years by a large force of trained workers, under the supervision of Dr. W. T. Harris, former United States Commissioner of Education, and reinforced by many eminent specialists. The definitions have been rearranged and simplified, a number of terms defined has been more than doubled. The etymology, synonyms, pronunciation, have received unsurpassing scholarly labor. The language of English literature for over seven centuries, the terminology of the arts and sciences, and the every-day speech of street, shop, and household, are presented with fullness and clearness, in size of vocabulary, in richness of general information, and in convenience of consultation, the book sets a new mark in lexicography.

## In Woman's Realm

Miss Catherine Miller entertained the "Jolly U. S." with a ghost party on last Thursday evening. Those present were the Misses Virtue Shannon, Ruth Johnson, Blanche Denney, Lulu Workman, Catherine Miller, Helen Willey, Messrs. Charles Gardner, Fred Haynes, Hubert Toothman and Lee Shannon.

Monday night was the scene of an old-fashioned Halloween social held at the home of Miss Mary Roberts in the North End. Aside from the regular games and festivities, a number of new features adapted to the occasion had. All present had a most enjoyable time.

Miss Charles Hollander and Miss Helaine Stahler have issued invitations for a progressive bridge whist party with which they will entertain on Wednesday afternoon at the home of the latter in East Locust street.

The Travelers' club of Granville held its regular meeting Monday afternoon in the Baptist church and the program carried out was:

New York in the Revolution—Mrs. Era Perry.

New York as an Art Center—Miss Laura Green.

The guests of the club were Mrs. Robert Goodrich, Mrs. Anne Hartzel and Miss Josephine McCammon.

The friends of Mrs. Mary Horchler to the number of about thirty, gathered

at her home in Mound street Monday evening and spent a few very delightful hours in playing progressive and enjoying various Halloween games. The affair was held in the cellar of the Horchler home which was elaborately decorated with corn stalks, autumn leaves and jack-o'-lanterns and several cozy corners added to the charming effect. All the guests went in masque and after the disguises were removed, the card game was indulged in, the prizes being captured by Mrs. Charles Graef and Mr. George Stream.

At a late hour a delicious Halloween luncheon was served to the following guests: Mr. and Mrs. George Tabler, Dr. and Mrs. J. G. Shiner, Mr. and Mrs. William Helwig, Mr. and Mrs. Gerard Besanceney, Mr. and Mrs. Hewitt Shauk, Mr. and Mrs. Charles Graef, Mr. and Mrs. George Stream, Mrs. Kate Kammerer, Mrs. Frank Horchler, Misses May, Lillian and Emma Kammerer, Macra Shiner, Mame Heiple, Ethel Harrington, Elizabeth Horchler, Margaret and Marion Besanceney, Harry Horchler and Roy Horchler.

One of the most enjoyable social events among the young people of the city Monday evening was the birthday party given by Miss Marie Owens at the home of her parents, Mr. and Mrs. S. Owens of Penney avenue in celebration of her fourteenth birthday anniversary. The home was prettily decorated for the occasion and the gifts

from Miss Owens' friends were many and beautiful. Following a pleasant evening of dainty refreshments were served.

Those present were Mrs. Daugherty, Misses Frieda Gaender, Helen Smith, Alta and Alma Couch, Eva Owen, Messrs. W. D. Gilbert, Ray Kelly, Dewey Cook, John Brown, Paul Munch, and Walter and Clyde Daugherty.

Mr. and Mrs. Charles Fadel of Cherry Valley delightfully entertained a party from Newark at their country home Sunday. A bountiful dinner was served and ample justice was done the dinner by all.

Those enjoying Mr. and Mrs. Fadel's hospitality were Mr. and Mrs. James Proctor, Mr. and Mrs. William Hollar, Mr. Lennie Clark, Mrs. Sarah Clark, Mr. Adam Hollar, Mrs. A. J. Humes, the Misses Elsie Norman, Sadie Spiegle, Stella Helphrey, Florence Norman, Lillybell McDonald, Allie Mae Clark, Helen Kumes, Marguerite Humes, Mabel Stickle, Jennie Humes, Messrs. Clarence Hollar, Jessie Hollar, Lee Inlow, Roy Humes, Walter Humes, Earl Clark, and Master Jack Humes.

Mrs. Angeline Musser, mother of Mrs. M. L. Tyrer and Mrs. David Jones, of this city, celebrated the eighty-ninth anniversary of her birth at the home of her daughter, Mrs. John Horning, in Dresden, on Tuesday. There were a large number of relatives and friends in attendance at the celebration, including Mrs. John Griffith, Mrs. Mary K. Bollwee, Mrs. Martin Tyrer and Mrs. David Jones of this city.

Friends in Newark and Granville have received the following announcement of the marriage of Miss Pearl Ferguson, daughter of Mr. and Mrs. Frank L. Ferguson of Granville, to Mr. David Beveridge of St. Ignace, Mich., which took place on Tuesday evening, October 18, in St. Ignace, Michigan.

Mr. and Mrs. Frank L. Ferguson announce the marriage of their daughter Pearl Cynthia to

Mr. David Beveridge on the evening of Tuesday, October the eighteenth

First Presbyterian church St. Ignace, Michigan

Nineteen hundred and ten

The St. Ignace Enterprise of October 19, contains the following relative to the marriage:

"Married, on Tuesday evening at the old home of Mr. and Mrs. Thomas Beveridge of this city, Mr. David Beveridge and Miss Pearl Ferguson, by the Rev. Mr. Waltman, pastor of the Presbyterian church. Miss Ferguson is the daughter of Mr. and Mrs. Frank L. Ferguson of Granville, O., who for some years, with her parents, has spent the summer at Brevoort Lake. She is a graduate of the Conservatory of Music, Denison university, and was also a student in the college for a number of years. While receiving her education in the college Miss Ferguson was a member of the Kappa Phi society. Mr. Beveridge is well known in St. Ignace and is employed in the United States Mail department. Mr. and Mrs. Beveridge will make their home in St. Ignace."

A most enjoyable event was a Halloween surprise given in honor of Miss Helen McLaughlin at her home, 91 Allen street. Games and music were the features of the evening. At a late hour the guests repaired to the dining room, which was beautifully decorated, in keeping with the day.

At the table were seated the following: Misses Mida Hand, Gertrude McFarland, Harriett Orr, Julia Belmar, Amanda Smith, Florence Curtis, Esther Montgomery, Kathryn Schaller, Zelma Halsey, Helen McLaughlin, Messrs. Harold Steinman, Claude Hager, Shelden Johns, Victor Arnold, Lawrence Schaller, George Cole, Henry Gee, Wilbur Gault, Charles Brown, Archie Goodwin, Raymond Silver and Henry Froese.

Mrs. McLaughlin was assisted in entertaining by Mrs. Bessie Lentz.

The Investigators' club met on Monday with Miss Nelle Gray of Elmwood avenue and the following program was enjoyed:

Roll call—Hawthorne.

Piano solo—Miss Bessie Glenn.

Thackeray, His Writings—Mrs. G. W. Steffe.

Vocal solo—Miss Anna Orr.

Miscellaneous Topic—The Club.

Critic—Mrs. John Sachs.

Mr. and Mrs. William M. Edwards of near Frazersburg are today celebrating their fiftieth wedding anniversary with a large gathering of relatives and friends. Among the guests from this city are Mr. and Mrs. G. O. Edwards, Misses Nellie Baker and Ethel Edwards, Messrs. Homer Johnson, Emmett and Ralph Edwards.

Commodore Charles D. Lynch of Indianapolis, Ind., entertained a number of his friends with a five o'clock dinner at the Mooney cottage, Buckeye Lake, Sunday. In the party were Messrs. Charles E. Matthews and Jas. T. Haynes of Newark, and Messrs. Richardson, Guy Sackett, G. O. Clum, E. F. Mooney, H. C. Holbrook, H. D. Freeman, G. C. Ullin, W. F. Koch, C. R. Zimmer, and L. A. Sackett, all of Columbus.

Mrs. William C. Miller of Hudson avenue is the charming hostess this afternoon to the Tuesday Bridge club and those besides the members of the club enjoying Mrs. Miller's hospitality are Mrs. J. J. Carroll, Mrs. Walter Scott, Mrs. Charles Wesson, Mrs. Eliza Jackson, Mrs. Charles Montgomery, Mrs. Fenwick Ewing, Mrs. J. K. Hamill, Miss Nancy Tomlinson of Minneapolis, Minn., and Mrs. W. R. Tubbs, of Sioux Falls, S. D.

One of the most enjoyable events of the week was a masquerade given by Miss Clara Howard at her home in Pine street. The house was decorated appropriately to Halloween and the evening was spent in music and various games.

The following were awarded prizes:

## The Home-Made Cough Syrup Will Surprise You

Stand Even Whooping Cough Quicker. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly and will usually cure the most stubborn case in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps and a cough.

You probably know the medical value of pine in treating asthma, bronchitis, and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Misses Hilda Oberfield, Florence Binder, Clara Fulton and Louise Peri.

At a late hour dainty refreshments were served Misses Agnes Gorius Stella Priest, Genevieve Kennedy, Lottie London, Bessie Everetts, Bertha Weeder, Louise Peri, Hilda Oberfield, Sue Fullin, Margaret Gorius, Clara Fulton, Florence Binder, Mary Fulton, Lola Rinehart, Lea Lewis, Clara Howard.

Mrs. E. E. Scribner of Wehrle Terrace entertained very delightfully Monday afternoon with a thimble party and at the close of the afternoon a delicious refection was served. Her guests were the wives of the employees of the Hulophane company and a few friends.

A delightful Halloween masquerade party was given at the home of Master Walter Reinbolt on Wilson street. A dainty luncheon was served to the guests after which they popped corn. Later in the evening games were enjoyed and magic lantern pictures were shown.

The guests were August Schenk, Otto Reinbolt, William Schenk, Walter Reinbolt, Bertis Offenbaker, Charles Sunkel, James Kirkpatrick, Charles Kirkpatrick, Clarence Winters, Sylvester Winters, William Bloch, William Norman, Harvey Smith, George Bowers, Harry Bowers, John Gardner, Arthur Hathaway and George Minor. The Misses Freda and Heturg Reinbolt served the lunch to the youngsters.

Miss Marguerite Moore was the charming hostess Monday evening to a delightful Halloween party at her home in Fifth street. The rooms were decorated with pumpkins, jack-o'-lanterns and candles. Various games were played during the evening. In the corn guessing contest the first prize was awarded Miss Florence Stagers, while Lawrence Camp received the consolation. At nine o'clock a delicious supper was served at one long table by Mrs. Moore, assisted by Mrs. Geo. Ray.

Dainty place cards seated the following guests: Misses Florence Stagers, Freda Sala, Pearl Evans, Bernice Webb, Lela Barcus, Sara Louise Taylor, Hulda Trost, Hilda Skiles, and Messrs. Archie McFarland, Clarence Bowman, Elmer Cady, Lawrence Camp, Clarence Steele and Charles Buker.

The Progressive club will hold its first meeting of the year on Wednesday afternoon of this week at the home of Mrs. Charles Allen of North Fourth street.

Mr. and Mrs. H. J. Wright of West Church street entertained a few friends informally Monday evening with a Halloween party. Following a few hours spent very pleasantly an appetizing luncheon was served.

## CENTRAL COMMITTEE MEETING SATURDAY AT HEADQUARTERS

There will be an important meeting of the Democratic County Central Committee on Saturday, November 5, at 10 o'clock a. m., and 1 o'clock p. m. It is urgently requested that both the Central Committee and the candidates be present, as business of importance is to be transacted.

J. J. HILL, Chairman,  
A. BOLLWINE, Secretary.

## THE PEOPLE AND GOV. HARMON WILL WIN THEIR CAUSE

And now another cabinet officer has been sent into the Ohio campaign to save the Republican bosses from defeat. This makes four cabinet officers on the stump in Ohio, which exceeds anything in the way of federal power that has ever previously been attempted to control the elections of a state.

Then there is Dick's large corruption campaign fund, which he received from New York a few days ago, and which has caused such a flock of the Dick workers to rush to Columbus the past few days to get their share of the boodle.

But the great mass of the people have determined not to be swayed or betrayed. They are standing by Governor Harmon in his great fight for decent, honest government.

The Governor and the People will win on next Tuesday.

There is but one party boss in Licking county and he is not a Democrat. But HE is a boss—a boss of bosses.

## Years of Suffering

### Cataract and Blood Disease—Doctors Failed to Cure.

Miss Mabel F. Dawkins, 1214 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with cataract and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. I took two bottles of this medicine and was as well and strong as ever. I feel like a different person and recommend Hood's to any one suffering from cataract." Get it today in usual liquid form or in chocolate tablets called Sarsaparilla.

# THE SUNDAY NIGHT FIZZLE OF A RENEGADE

Renegade Jim Rice of Canton, who bolted Governor Harmon and supported Governor Harris two years ago, is now traveling over the state in the interest of Dick for Senator. He was advertised to make a political speech at Delaware on Sunday night, professing to be under the auspices of the law and order league. This disguise was for the purpose of making an assault on the administration of Mayor Haas, the man who stands today as one of the model Mayors of the entire state.

Two or three others were advertised to join Rice at the Delaware meeting but they did not show up and the Canton renegade had the occasion practically all to himself.

But Jim must have been advised after reaching Delaware that it would be suicidal to attack the splendid administration of Mayor Haas, for he made no mention of it whatever.

The Licking County Democracy was never in better shape than now, and will roll up an increased majority on next Tuesday for Governor Harmon and his associates on the ticket.

## ADMITTED BY HARDING

Speaking at Ashtabula, Mr. Harding said: "If you intend to vote against me because the Hamilton county delegation gave me 91 votes on the third ballot, then to be consistent you will have to vote against every candidate on the Republican ticket. That includes your friend and neighbor, Mr. Mooney, for he was nominated with the help of Hamilton county votes at the state convention."

Exactly what Democrats have been claiming—that Cox nominated the whole ticket.

Exactly what Cox himself has claimed, that he controlled the convention through the 91 votes of his own delegation and the 126 delegates Senator Dick and State Secretary Thompson gave him to juggle with.

It was the same way in the defeat of Gilson of Steubenville and the nomination of Archer for state treasurer.

It was the same in the nomination of Dunlap for a third term as dairy and food commissioner.

It was the same in the nomination of Watkins for a third term as a member of the state board of public works.

It was the same with every nomination on the ticket from Harding down to Watkins.

Taking Mr. Harding at his own word, "to be consistent, you will have to vote against every candidate on the Republican ticket."

That means, to be consistent you should vote for Harmon and a clean sweep for his entire ticket.

## SOMETHING EVERY LABORING MAN SHOULD KNOW

It develops that Governor Harmon went down in his own pocket and furnished \$2,000 for the work of the employers' liability commission, which is getting up a law by which workingmen who get hurt can get adequate damages without having to go into the courts and stand a chance of getting nothing.

The law creating this commission was enacted last winter, but no money was appropriated to cover the expense. A Republican state emergency board refused to allow the commission any money, and as it could not do business on nothing Governor Harmon advanced the money to keep it going himself. This looks as if he is a pretty good friend of organized labor.

Every laboring man in Ohio is interested in the work of this commission.

Three years were lost in the cleaning of the State House mess by the death of John M. Pattison, and with all of Judson Harmon's vigilance, in 20 months, he has only gotten well into the job. Harmon with proper assistance, will complete the work. It will never be completed otherwise.

Capital letters—those men in Harrisburg.

When Jim found out after arriving there that Mayor Haas had been re-elected by a majority of 195 in that Republican city—that the votes of a large majority of the students of the college had constituted a full share of that endorsement of the Mayor's administration—Jim evidently concluded it was wise to abandon the real object of his mission. Jim's political speech then turned to a disguised defense of George B. Cox, as that was the best thing he could do for his employer—Charles Dick.

Since Jim's betrayal of his party two years ago he has been a party all by himself. The Democrats would not have him and the Republicans did not want him.

But now he is thoroughly enlisted in the fight for Dick and made a bee line for Columbus as soon as he was informed that the Dick campaign funds had been received from New York.

## DENMAN'S DODGE

Speaking at Columbus Friday night of last week Attorney General Denman said: "I shall take pleasure in suing Davis and Rogers, Republican ex-officials, who owe the state about \$700 each, and Finley, Democrat, now in office, who owes the state \$7,000."

Why doesn't Attorney General Denman go ahead and sue instead of talking about it all the time? It is interesting to hear him say now that he will take pleasure in suing Finley, for that is a confession that he has neglected for two years to perform an official duty if he has the least possible ground on which to file a suit.

But why does Mr. Denman single out Rogers and Davis and Finley, and keep silent about Laylin and Thompson and the bankers in the Columbus skyscraper, whose grafts are 100 times greater?

The Howe investigating committee of the state senate, whose report has been a matter of official record and public knowledge for more than two years, charges that L. C. Laylin, chairman of the committee, conducting the campaign for the ticket on which Denman is a candidate, is liable to the state for \$18,134.78 on a monthly average of more than \$50,000 of state funds carried in banks covering a period of six years when Laylin was secretary of state. And the same committee's report holds that Secretary of State Thompson is liable in like manner for \$3,274.21.

Why doesn't Denman promise to sue Laylin, Republican ex-official, and Thompson, Republican, now in office, for the amounts charged against them by the senate probe committee more than two years ago? Is it because Laylin is chairman of the committee conducting the campaign in which Denman is so deeply concerned as a candidate? Is it because Thompson shared with Dick in giving George B. Cox 126 delegates to juggle with in naming the candidates that were nominated by the Columbus convention this year?

Mr. Denman's implied confession in his campaign speeches that he has so long neglected his official duty so far as Davis, Rogers and Finley are concerned is exceeded only by his silence as to why he did not long ago bring suits against Laylin, the Republican secretary of state out of office, and Thompson, the secretary of state in office.

These questions and Denman's dodging lead up to the same conclusion—if you want to clean house right elect Governor Harmon and his entire ticket.

Colonel Roosevelt now declares in one of his late campaign outgivings on the stump in New York: "The big Roosevelt doctrine is, 'Thou shalt not steal.'" Commenting on this moral outburst, The Indianapolis News aggressively observes:

It would be interesting to have this doctrine, which he had supposed was that of Moses rather than Roosevelt, discussed somewhat in detail. But there is no hope that this will be done. It would, for instance, be most instructive to hear about the sugar frauds that continued all through the Roosevelt Administration, and about Roosevelt's failure to act against the Sugar Trust on evidence presented to him by Mr. Earle, evidence that was strong enough to force the Trust, under Mr. Taft, to plead guilty in a civil action and to pay damages.

Every man should know himself, even though it may be necessary for him to get an introduction from his wife.

# CREAMER IN THE TREASURY

Term began January 11, 1909. Inaugurated the plan of depositing State Funds by competitive bidding. Under this plan the GAIN IN INTEREST FOR ONE YEAR IS \$40,331.00, which will more than pay the yearly salaries of the Governor, Lieutenant Governor, Treasurer of State, Attorney General, Secretary of State, Clerk of Supreme Court and Dairy and Food Commissioner.

## RATES OF INTEREST BEFORE AND AFTER COMPETITIVE BIDDING.

	Before	After
Inactive Depositories	2 1/2 % Flat	3.10 % to 3.60 % 3.35 % Average
Active Depositories	1 1/2 % Flat	2.55 %

Collected Interest Since January 11, 1909, to August 31, 1910..... **\$275,055.42**

## ATTENDED BY HIS RECORD

Taking into consideration the fact that Republican state treasurers turned into the state treasury an average of only \$86,136 from interest for each of the four years between November 16, 1904 and November 15, 1908, is it any wonder that suits were filed against former Republican state treasurers for interest amounting to about \$325,000? And does it not show honesty and the application of sound business policies by the present Democratic State Treasurer, D. S. Creamer, as compared with the graft and no-books policy under Republican state treasurers?

Although the present depository law is the same as that under which Republican treasurers of state operated, the people of Ohio may rest assured that as long as Mr. Creamer remains treasurer of state, their interests will be faithfully served, which fact is attested by his splendid record.

The State of Ohio never had a treasurer who more fully deserves re-election than does David Staley Creamer.

A vote for C. L. Riley for County Auditor, will be a vote to retain a splendid official in office.

And yet Mr. Harding's newspaper, the Marion Star, does not carry the union label.

FIRE SALE TOMORROW AT STEPHAN'S.

## WOULDN'T THAT BE NICE?

Com—If we can get Creamer out and Archer in, perhaps we'll get the money back on Monday again.

Had David S. Creamer conducted the state treasury in the same way that his predecessors handled the state's funds no such desperate effort would be made to defeat him as is being made by "the friends of the treasury." Like "the friends of the tariff" who think that they alone should revise the tariff "the friends of the treasury" think they should handle the funds of the state of Ohio to suit themselves. At the Columbus convention Cox defeated Gilson of Steubenville for state treasurer and threw the nomination to Archer. If Cox can get Creamer out and Archer in the "friends of the treasury" will be in control of the state money once more and Green may get to be cashier again. Creamer has earned for the state more than \$40,000 in one year's handling of state deposits by competitive bids. The records are open for inspection to anybody who cares to see them. It is for you to decide whether you will keep Creamer there to administer the office honestly and in the interest of the whole people or whether you will turn the state treasury back again into the control of the old regime.

And Harmon goes on his even way, each passing day giving a fresh poke at the fire consuming the standpatters.

Fred S. Cully is a competent surveyor, and fills the bill in every particular. Remember that when you cast your ballot next Tuesday.

## A POPULAR VERDICT

Based On Evidence of Newark People

Grateful thousands tell it—How weak backs were made strong—

Weak kidneys made well—Urinary disorders corrected. Newark people add their testimony.

They gladly praise Doan's Kidney Pills. For quick relief and lasting cures. Newark evidence is now complete. Newark testimony is confirmed. Reports of early relief substantiated.

Cures doubly proved by test of time.

Let a Newark citizen speak. C. L. Starr, 89 Hancock street, Newark, O., says: "I had acute pains through my back and my kidneys were weak, causing me no end of annoyance. I spent considerable money for medicine and physicians' treatments, but to no avail, until I used Doan's Kidney Pills. They benefited me so greatly that I publicly endorsed them in November, 1907. At this time I do not wish to retract one word from my former statement and I am pleased to again say that Doan's Kidney Pills are an effective kidney medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Found Stray Dog.

Officer Callan found a stray spaniel of English and Irish breed and evidently of value in West Newark today. The dog is about four months old. The animal was turned over to a woman living at 422 West Locust street, who will keep it until the owner claims it.

## Forced To Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson of Calumet, Ark., when all else failed and I gained 47 pounds in weight. It's surely the king of all in cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for coughs, colds, lagrippe, asthma, croup—all throat and lung troubles. 50c and \$1. Trial bottle free at F. D. Hall's.

## Daddy's Bedtime Story — The King and the Hawk

“Three Times You Have Cheated Me of My Drink”

“A LONG, long time ago,” said daddy one evening to Jack and Evelyn after the lamps had been lit and all was quite cozy for the children’s bedtime story. “There was a king in Persia named Genghis Khan. He was a great king and a very proud man, who wanted to have his own way always. He was very fond of hunting, and one of the ways in which he hunted was with a hawk.”

“How was that, daddy?” asked Jack.

“In the olden days,” said daddy, “people trained hawks to hunt for them. The bird would fly high in the air, and if it saw any small animal in the grass it would swoop down and thus show the hunter where the animal lay. Genghis Khan had one hawk of which he was very fond, and he took the bird with him one day when he went hunting.”

“Returning from the hunt, with the hawk sitting on his wrist, the king found himself very thirsty. He had become separated from his companions, so he had no one around him to send for a drink. ‘I have my silver cup in my pocket,’ said the king to himself, ‘and I shall go to the spring which is near the place where I am now and have a nice drink of cool, fresh water.’”

“Soon the king arrived at the place where the water was trickling down between two rocks, drop by drop. As he bent over to fill his cup the hawk flew into the air, but when the cup was filled and the king lifted it to his lips the bird flew down and knocked the cup out of the king’s hand. That made the king angry, for he was very thirsty, but he bent over and filled the cup again. This happened three times.”

“Why did the bird do that, daddy?” was Evelyn’s question.

“Listen, child, and you shall hear,” said daddy. “When the bird knocked the cup out of the king’s hand the third time he lost his temper. Three times you have cheated me of my drink,” said he. ‘If you do it again I shall cut off your head.’ And with one hand he held his drawn sword while with the other he held the cup to be filled. Again the bird flew down and knocked the cup out of the king’s hand. This time it fell between two stones, where the king could not get it. But as the hawk struck the cup Genghis Khan swept around his sword and cut off the bird’s head.”

“But the king was still thirsty, so he climbed the rock to the pool from which the water flowed, and there lying in the water he saw a dead snake of the most poisonous kind. The poor hawk had tried to warn the king of the danger of drinking the water, and when he saw the dead snake he understood the bird’s action. ‘I will never again do anything in anger,’ said the king.”

**A Healthy City.**  
According to Dr. Knauss, health officer, there are now comparatively few cases of contagious diseases in the city. Newark has the reputation of being one of the healthiest cities in Ohio.

### Quarter Century Ago

(From Advocate Nov. 1, 1885.)  
Mr. Thomas Coffman has just finished a fine brick residence on the corner of West Main and Pine streets for Mr. Joseph Reasoner.  
Set in down in your diaries that the first snow of the season fell in Newark today.  
Bradford Dunham, general manager B. and O. R. R., arrived here yesterday in his private car No. 701 from Baltimore. He was accompanied by his private secretary.  
Wife beating is getting to be of altogether too common occurrence in this community. The whipping post should be brought into use for this class of degraded mortals, and judging from the number of recent occurrences, it cannot be utilized any too soon.

### Fifty Years Ago Today.

**Remodeling Store Room.**  
Workmen began early Tuesday morning to re-plaster and paper the second floor of the Stephan department store and to get it in readiness for the new line of winter goods which Mr. Stephan will put in as soon as his fire sale closes.

**North End Exchange.**  
The Newark Telephone company has bought of Daniel Altshook a small strip of ground north of Third street and east of Hudson avenue for the purpose of erecting thereon one of the three sub-exchanges that will be built in connection with the new automatic equipment.

### APPETITE GONE

Indigestion is the Cause of It—Evans’ Drug Store Has the Cure.

People go on suffering from little stomach troubles for years and imagine they have a serious disease. They over eat or over drink and force on the stomach a lot of extra work.

But they never think that the stomach needs extra help to do extra work.

If these people would take two Mi-O-NA stomach tablets with or after meals stomach misery would go in five minutes and they would be a great big help to the stomach in its strain of overwork.

Mi-O-NA is guaranteed by Evans’ drug store to cure indigestion or any stomach disease, or any money back.

Mi-O-NA for belching of gas.

Mi-O-NA for distress after eating.

Mi-O-NA for foul breath.

Mi-O-NA for biliousness.

Mi-O-NA to wake up the liver.

Mi-O-NA for heartburn.

Mi-O-NA for sick headache.

Mi-O-NA for nervous dyspepsia.

Mi-O-NA after a banquet.

Mi-O-NA for vomiting of pregnancy.

Fifty cents a large box at Evans’ drug store and druggists everywhere.

#### If You Value Money Get Here

#### DO YOU KNOW

There are 35 cities, 15 railroad terminals or division points, 36 colleges and 3 counties with group work in 35 small communities in Ohio, that maintain Young Men's Christian Associations?

There are 95 towns and cities of sufficient size to maintain City or County Associations but which have none? Of these, 61 are county seats?

Fifty-two of these cities have within a year asked help to organize Y. M. C. A.'s?

There are 42 City and Railroad Associations in Ohio that own their own buildings?

This property has a gross value of \$4,246,580?

The Ohio Associations have a total membership of 34,652?

The 26 night schools enroll 6,000 working men and boys?

The members pay in annually \$215,000?

The total cost of maintenance and operation is \$426,000?

The sum of \$211,000 has to be raised by subscription?

This has been termed "the State's investment in true manhood." What do you think about it?

### Y. M. C. A. IS ABLE TO SOLVE PROBLEMS

Business and Professional Men  
Take Leading Part.

It is little more than sixty years since the first Y. M. C. A. in the world was started by a few well disposed clerks in a draper's shop in London, England, and in that time the institution as such has grown with an energy and to such proportions as to be without an equal in the records of benevolence and philanthropy. The question has frequently been asked why the Y. M. C. A. is able to solve problems and handle people which other institutions equally Christian and equally well intentioned have not been able to manage.

In the estimation of those who have studied all forms of philanthropic work the answer is found in the quality of the men who head the movement. The men who direct the policy of the Y. M. C. A. are busy men. They are also business men. Not only are they business men, but they are for the most part leading business men of the community in which they live.

Practically all businesses and professions are represented among the active leaders in Y. M. C. A. work. Probably no better example of this could be offered than the State Committee of the Ohio Young Men's Christian Association. This Committee consists of thirty men.

Thomas Elder, who is the State Chairman, is the head of the largest department store in Dayton.

Poster Copeland, who is Vice Chairman, is the President of the City National Bank in Columbus, one of the leading financial institutions of that city. O. H. Starnes, Treasurer, from the same city, is a large manufacturer of shoes. R. E. Ackland, the Recording Secretary, also of Columbus, is the manager of a large system of restaurants in the Capital City of the state.

F. M. Barton is the President of the Barton Publishing Company of Cleveland. In the same city is Mr. Willard Beahan, construction engineer of the Lake Shore railroad.

In the educational field of this Committee are Guy Potter Benton, President of Miami University at Oxford; Dr. Emory W. Hunt, President of Denison University at Granville, and Dr. W. O. Thompson, President of Ohio State University at Columbus.

In addition to these heads of colleges, there is Professor R. H. Walker of Ohio Wesleyan University at Delaware and C. W. Williams, Secretary to the President at Oberlin.

Other professions are represented by James R. Garfield, lawyer of Mentor and son of the martyred President of the same name; E. S. Randolph, a lawyer of Newark; Dr. Andrew Timberman, a physician and specialist of Columbus and Jesse Vickery, an attorney of Bellevue.

There is one farmer—A. A. Boetwick of Seville. Another railroad man is D. J. Durrell, Master Mechanic of the Pennsylvania railroad at Cincinnati.

In the manufacturing world there is H. S. Black, Treasurer of the Ohio Brass Company, Mansfield; S. P. Keen of the Sherwin-Williams Company, Cleveland manufacturers of paint. W. A. Morrison, President Delaware Underwear Company, Delaware; E. R. Root, Treasurer of the A. I. Root Company of Medina; E. L. Shuey of the Lowe Bros. Company, paint manufacturers of Dayton; B. B. Williams an engine manufacturer of Mt. Vernon and D. H. Wintringer a pottery manufacturer of Steubenville.

The remainder of the Committee consists of G. N. Bierce, a real estate dealer of Dayton; O. F. Hyper, a merchant of Springfield; F. E. Myers, President of the Cleveland & Southwestern Traction Company of Akron; Aaron Rubright, an insurance man of Akron; and W. L. Tobey, publisher and editor of the *Republic* News of Hamilton.

## FIRE OCCURS AT BOTTLE PLANT MONDAY EVENING

A bad fire was averted by the North-East and Central fire companies Monday night when a tank in factory No. 8 of the American Bottle company's plant burst at 6:50 o'clock and the molten glass flooded the shop.

The tank gave way without warning and the hot fluid flooded the place. All responded as fast as possible and soon the streams from several lines of hose were playing on the glass.

The building is a fire proof structure and did not catch fire and the firemen were at work a little over an hour. Repairs will be made at once by the company, which has a large number of contracts to be filled and the tank is needed.

## RECEPTION FOR ELECTION NIGHT AT TAYLOR HALL

At a meeting last night the Y. M. C. A. social committee decided to hold a big election night reception with a program in Taylor hall and complete, impartial and prompt returns of the election all over the country. Arrangements will be made with the Western Union Telegraph company and with the telephone company for local and national returns.

The Taylor hall program will be in charge of Prof. Herbert Patterson and J. F. Callender. Harry Scott will be president and it is hoped that Revs. Franklin and Cosgrove can be secured as announcers. To cover expenses there will be a five-cent admission to Taylor hall. Both men and women are invited, but children-unattended cannot be taken care of and the age limit of 16 is suggested as the curfew law has not been repealed.

## DUKE WILL OPEN THE PARLIAMENT

Capetown, Nov. 1.—As the representative of King George, his nephew, the Duke of Connaught, arrived here yesterday aboard the Balmoral Castle, to open the first parliament of the union of South Africa. The Duke was accompanied by the Duchess of Connaught and Princess Patricia, their daughter. The royal party landed amid the booming of cannon from the forts and the warships in Table Bay, and was received by Governor-General Viscount Gladstone, Premier Botha, the other members of the cabinet, senators and representatives and a swarm of civil and military officials.

The Duke will formally open the union parliament November 4 and then make a tour of the states of Cape Colony, the Orange River colony, and Transvaal Rhodesia and Natal. He will greet delegations of negro chieftains from the Bechuana, Zulu, Mashons, Basuto and Matabeli tribes.

#### NEW BETHEL

Rev. H. J. Duckworth, pastor at Bethel, delivered a masterly address Sunday evening, using as a basis for his remarks, "Visions."

Mr. E. M. Linnabary, the Democratic nominee for recorder of Delaware county, who resides just over the Licking-Delaware line, is busy circulating among his many friends endeavoring, if possible, to make a complete canvass before Tuesday next. One of the most successful farmers of Trenton township, Edward has honored the several offices previously entrusted to his care, and his clean business method and genial disposition coupled with a fine education has fittingly qualified him for the position he has been selected to fill. He was formerly a Licking county boy, and his host of friends on this side of the line predict for him a sweeping victory November 8.

Miss Easter Maught of Powell, is visiting among friends at this place. Mr. and Mrs. J. W. Pace of Vans Valley and E. M. Linnabary and family spent Sunday with S. A. Grandstaff and family.

Mr. George Grandstaff and family spent Sunday with Mr. and Mrs. H. J. Debolt. Mr. Grandstaff is one of Croton's successful merchants.

Wm. Feasel and wife spent Sunday with their son Raymond and family in Delaware county.

Misses Ethel Grandstaff and Lula Linnabary were Sunday guests of Miss Letha Grandstaff.

Rev. Mr. Duckworth was entertained over Sunday at the home of Mr. and Mrs. D. S. Davis.

#### PERRYTON

Rev. Mr. Thompson of Crooksville preached in the Disciple church Sunday and Sunday night.

Mr. John G. Frampton was transacting legal business at Coshocton Saturday.

An auto load of hunters and four bird dogs passed through here Sunday evening going towards Newark.

Mr. W. L. Phillips of Oklahoma City, is visiting at his home here.

Mr. J. C. McCarty of Fallsburg stayed at the Flenner hotel Saturday night and Sunday.

Prof. Parr spent Sunday with friends in Outville.

Mr. George Fairall of Reform was the guest of Mr. Jay Baker Sunday.

Mr. Ashford Freese of Illinois was the guest of his nephew, J. W. Freese, for a few days.

Mr. A. J. Hoyt and family spent Sunday in the country.

Mr. Walter Warfel and Miss Hazel Freese were guests of Miss Blanche Conger Sunday.

Carl Miller of Newark schools spent Sunday with his parents at Perryton.

A good many of us hoped that the Teddy bear was a thing of the past, but now one has been put on the market which opens and shuts its mouth and while doing so lights small electric lights in its eyes.

## Free for Stomach and Bowels

We are in receipt of letters from Mrs. Eva Gaskins, 304 Madison St., Topeka, Kans., and Mr. P. H. Gavelas, Waggoner, Okla., as well as many others, telling about the wonderful results they have secured in the cure of their stomach and liver troubles by the use of Dr. Caldwell's Syrup Pepsin.

This remedy, as all readers doubtless know, has been before the public for a generation and is now being more extensively used than any other remedy for stomach, liver and bowel complaints. According to reliable testimony, it seems to be a very quick and lasting cure for constipation, indigestion and dyspepsia, liver trouble, biliousness, headache, sour stomach, gas on the stomach, drowsiness after eating and similar disorders. It is a liquid with tonic effect, and so mild and gentle in action that a child as well as a grown person can take it, in fact, it has no equal for children, women and old people.

It arouses the flow of gastric juice, and by a peculiar action trains the stomach and bowel muscles to again do their work naturally, and in time medicine of all kinds can be dispensed with. A free sample bottle can be had for trial by sending your address to the doctor, for in this way Mrs. Gaskins, Mr. Gavelas and many others first learned of the cure. Later, when satisfied it is the remedy you need, do as others are doing and buy it of your druggist at fifty cents and one dollar a bottle.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specially in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 641 Caldwell building, Monticello, Ill.

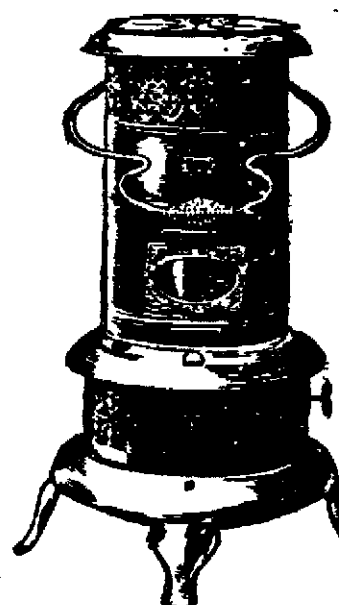

Make a good article; keep on making it good. Tell people how good it is; keep on telling them.

And they will buy it; and keep on buying it.

Ivory Soap is a case in point. From the beginning, the idea has been to make it so good that people who bought it once would continue to buy it. They do.

## In Sudden Emergencies

like illness, it is often necessary quickly to raise the temperature of a room. For instance, in those hours between midnight and dawn, when the day temperature has been allowed to drop, if you are called upon to get up, the room is chilly and cold. It takes a long time to start up a furnace or fire and raise the temperature by ordinary means.

You can instantly heat a room to any desired temperature with a

**PERFECTION**  
SMOKELESS  
OIL HEATER  
Absolutely smokeless and odorless

It quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. Has automatic-locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be cleaned in an instant. It has a cool handle and a damper top.

An indicator always shows the amount of oil in the font. It has a filler-cap which does not need to be screwed down; it is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently it can always be easily unscrewed in an instant for reworking.

The Perfection Oil Heater is finished in japan or nickel. It is strong, durable and well made, built for service, yet light and ornamental.

**BURGLARS ARE GETTING BUSY AT GRANVILLE**

Number of Places Broken Into Lately—News of the Village and Vicinity.  
Granville, O., Nov. 1.—During the past several weeks a number of minor burglaries have occurred in the village, and while the amount of plunder secured by the thieves has not amounted to much, they have served to put a keen edge on the more timid ones of the village. The Toledo and Ohio Central railroad station seems to be a favorite with the light fingered gentry, as the place has been broken open and ransacked thoroughly two different times during the past week. Sunday night it was entered and a number of packages were broken open but nothing, as far as could be learned, was carried away. The matter has been placed in the hands of the T. & O. C. railroad detectives and they are now engaged at work on the matter. The general impression seems to be that the burglaries are committed by home talent.  
Mr. and Mrs. James Thomas of Lima, after a short but pleasant visit with relatives and friends here, returned home Tuesday.  
The members of the Shepardson faculty were at home to all their friends Tuesday afternoon from 3:30 to 5 o'clock, in Stone hall, and Mrs. Myers enjoyed a short visit with friends in Hartford.  
Sleighs will soon take the place of autos, and the merry jingling of bells will succeed the hoarse honk honk of the machines. The change will be a welcome one.  
Miss Fanny Holton of Bucyrus visited here Monday, the guest of Miss Ella Thomas.  
The officers of the Epworth League of Johnstown have secured the services of Prof. V. H. Hoppe of Denison university, who will give one of his entertainments at the opera house in Johnstown on Thursday evening of this week. Prof. Hoppe is instructor in expression and oratory at Denison university.  
The past summer will go down as one of the most beautiful ever experienced by even the most ancient dweller in these latitudes, yet the crop of June and October brides in Granville was no larger than in years when there were droughts and chilling frosts.  
Miss Laura, the little daughter of Mr. and Mrs. J. T. Edwards, north of the village, celebrated the tenth anniversary of her birth at her home on Monday, assisted by a number of her little friends. She was the happy recipient of a number of pretty gifts and birthday greeting cards in remembrance of the happy occasion.  
The hickory nut crop in Granville township is nil, and people who sit around the fire this winter and crack and eat hickory nuts will pay dearly for them. An almost universal shortage of the nut is reported.  
Mr. and Mrs. B. C. Llewellyn, of Pittsburg, who at one time resided in this vicinity, have been visiting old time friends during the past week. They left Monday evening for Toledo, where they will make a short visit with relatives before returning home.  
Miss Mary McLaughlin, of Cleveland, after a short visit with her friend, Miss Jessie James, north of the village, returned home Monday.

**NO DYSPEPSIA STOMACH GAS OR HEARTBURN**

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief.  
This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.  
If your meals don't sit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heart-burn, that is a sign of indigestion.  
Get from your Pharmacist a 50-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headache, Dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.  
Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.  
Relief in five minutes from all stomach misery is waiting for you at any drug store.  
These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disorder.  
**MEXICAN RANCHER KIDNAPS WOMAN**  
Lincoln, Neb., Oct. 31.—Kidnapped by an illiterate Mexican rancher named Segunda, Miss Grace Rolph, the 17-year-old daughter of Dr. and Mrs. Rolph of Pender, Neb., today is believed to be hidden somewhere near the Cheyenne, Mex., ranch of G. S. Harris, on which Miss Rolph was a guest at the time of her kidnaping on Saturday. A reward of \$1,000 has been offered by the son of G. S. Harris, who is managing his father's ranch, and posses are now scouring the country for Segunda. The elder Harris, who has just returned to Lincoln from his ranch, is unable to explain Segunda's action. Despite the fact that Segunda once killed a man, Harris considered him a trustworthy employee. He says that the natives around his ranch will not aid Segunda in his flight and that within a few days he is confident that the Mexican will be forced to abandon his daring venture.  
**LIQUID CURES ECZEMA WHERE SALVES FAIL.**  
In regard to skin diseases, medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid.  
**WASH THE GERMS OUT.**  
A simple wash: A compound of Oil of Wintergreen, Thymol and other ingredients as combined in the D. D. D. Prescription. This penetrates to the disease germs and destroys them, then soothes and heals the skin as nothing else has ever done.  
A 25 cent trial bottle will start the cure and give you instant relief.

**REQUIRES TIME FOR EXTRADITION**

Washington, Nov. 1.—Though the state department is today prepared to dispose of the extradition of the five suspects now held at Acapulco, Mexico, in connection with the dynamiting of the Times building, it will be two or three weeks at least, and if unforeseen complications arise, much longer before they can be brought back for trial in this country. The authorities at Los Angeles must collect their evidence and send it to Governor Gillette to be authenticated. A representative of California will then take it to Mexico City. After this the Mexican courts will have to pass upon the case, before extradition can be granted. In the meantime the men will be held at Acapulco.  
**The Worst Headache Responds Immediately to This Remedy.**  
It doesn't matter how severe your headache, or what is the cause, Hoffman's Headache Powder instantly removes it, because Hoffman's powder soothes and eases the overtaxed nerves. That awful throbbing ceases almost immediately the powder is taken. The headache stops—the pain is certain and wonderful.  
Headaches are attributed to many causes. Hoffman's powder is a boon to sufferers from a headache. The stomach is eased, soothed, strengthened, relieved of the heavy, distressed feeling.  
Nervous headache, neuralgia, headaches due to overeating or overindulgence of any kind, all go the same way, once Hoffman's powder is taken. And it never follows the taking of Hoffman's Headache Powder, contain no opium, opiates, bromides or narcotics. Yet they perform their work more quickly and much more satisfactorily than anything else. The usual after-effects so dreaded with other headache remedies are pleasantly absent from Hoffman's. If you feel a headache coming on, get in touch with your druggist at once. Don't wait. Tell him to give you Hoffman's Headache Powder—he'll know the kind. Above all, accept no other. Get them today. Have them ready. But be sure they're Hoffman's. 10 and 25 cents.  
Your druggist can supply you, ask him for Hansen Morse's 24-page book, "Do You Suffer?" It is free.  
**PRISONER WRITES SACRED MUSIC**  
New York, Nov. 1.—In emulation of John Bunyan, a prisoner in the Tombs is writing sacred music. The prisoner is Alfred D. Calby, a young composer, held on the charge of shooting his chorus girl wife. His work has been inspired by the hope of a release, as has happened to other convicts who have written poems and been rewarded by the authorities.  
An offertory by Calby, "Entreat Me Not To Leave Thee," which has been pronounced excellent in technique and harmony, will be played next Sunday in the Washington Heights Baptist church.  
Calby shot his wife in a fit of jealousy, but she was not seriously injured.

Editor Advocate: How many weary days and weary hours must needs be spent by the various county school examiners of this state in studying Physiology, (even if some of them happen to be learned physicians!) before they can answer all the questions in that branch of education that are sent out from the State School Commissioner's office as "tests" in the examination of teachers. **PROGRESSING AND AWAKENING TO THE NEEDS OF AN ADVANCING CIVILIZATION.**  
Will Be Many Opportunities for Americans When Country Opens Up.  
Spokane, Wash., Nov. 1.—"Thinking Chinese in America are mapping out plans for the emancipation of their country," said Louie Lang, head of a wealthy trading company in Spokane, in commenting upon reports from the orient that the progressives seek a republic for China; "and," he added, "the great work will be directed and carried out from this country. It must come."  
"When China went to war with Japan she was weak physically and financially, but this is fast changing. Though the average American does not understand and believe it, China is a different power to what she was a decade ago. She is awakening and this means that she will better herself. I believe that America is largely responsible for this change."  
"Recently the civilized world was startled by the announcement that all queques must come off. This is but a step in the march of progress, and other edicts will follow. They cannot be put into effect too rapidly, as the thing must be done by stealth and care. Reform will follow until China is ready for the most enlightened government on the face of the globe."  
"When that time comes there will be opportunities for Americans as well as Chinese. China has rich resources and when these are developed it will provide remunerative employment for her people and others. I may add, too, that when this is brought about there will be no need for rigid exclusion laws, for then my countrymen will remain at home and make China prosperous."  
Lang said also that the present visit of the honorary commercial commissioners of the Associated Chambers of Commerce of the Pacific coast to China will do more than any other single agency to establish trade relations upon a solid basis.  
**FOR THE THIN AND SCRAWNY.**  
Samose Will Make You Plump and Rosy, Says W. A. Erman and Son.  
If you are getting thin, you are sick although you may not know it. If you are losing weight steadily, there is something wrong that needs looking after. If you have always been thin it doesn't follow that you are sick, but you may not be healthy. You cannot be strong if you are thin.  
Try then to be healthy and plump; it is not difficult if you know how. The only way to increase the weight and gain health and flesh is by using Samose, the standard flesh-forming food and tissue builder. It mingles with the food you eat and is assimilated so that all the flesh-forming and tissue-building elements of the food are retained in the system. This explains the great value of Samose.  
Fatness, happiness and health all go together. How seldom you see a fat person who is not happy. On the other hand, thin people are unhappy and nervous. Use Samose and be well and fat and happy.  
Weigh yourself before you begin using Samose. It will not cost you a cent unless it increases your weight and restores your health.  
W. A. Erman & Son sell every package on a genuine guarantee to refund the money if it does not do all that is claimed for it.

## WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as strictly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trade with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

**THE PAINS OF RHEUMATISM**

**Caused by a Poison Which Produces Inflammation.**

**How a Pennsylvania Woman Cured Herself by Building Up and Purifying the Blood.**

The pains of rheumatism are caused by a poison in the blood setting up an inflammation in the delicate membranes that cover the joints and muscles.

The exact cause of rheumatism is one of the things that the science of medicine has not yet determined but it is a known fact that the seat of the trouble is in the blood and that the disease must be combated in the blood. Unless the poison is driven out the disease will return at every exposure to cold or dampness.

Dr. Williams' Pink Pills have cured hundreds of cases, and are the most direct treatment of rheumatism, because they enrich the thin blood and enable it to throw off the poisons of the disease. When this is done the rheumatism is permanently cured and as long as the blood is kept pure and rich the patient will be immune from attacks of rheumatism.

Mrs. Charles Day, of Tidiotte, Warren Co., Pa., was crippled with rheumatism for several months and owes her health to Dr. Williams' Pink Pills. She says:

"I was taken very suddenly with rheumatism which I first noticed as a pain in my right knee. The pain went down to my ankle and some times would be in both knees, causing them to swell, and was so intense that I could not move without the greatest agony. My hands were drawn up so that they were useless and it seemed as though every joint in my body was affected. I was in bed nearly all winter and was entirely helpless.

"For two months I was under a doctor's care without his medicine doing me any good. I then tried liniments and various medicines but received no help. After four months of suffering I decided to try Dr. Williams' Pink Pills and felt much better before I had taken many boxes. I continued the treatment and was soon able to walk around and do my work. I feel it my duty to tell others what Dr. Williams' Pink Pills did for me."

For further information about the treatment of rheumatism send for a copy of our booklet, "Diseases of the Blood."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

## DAYTON PASTOR FOR PATASKALA

Dayton, O., Nov. 1.—As a great surprise to the congregation, announcement was made in the Patterson Memorial Presbyterian church that the pastor, Rev. David Kerr, had accepted a call extended by the First Presbyterian church of Pataskala, O., the pastor tendering his resignation to take effect October 31. The resignation was reluctantly accepted by the church and Presbytery.

Rev. Mr. Kerr, who has built up the congregation of Patterson Memorial to a considerable degree in the two years of his service.

Mrs. Kerr has also been an effective worker in the Sunday school and various societies and also active in the W. C. T. U. work.

Rev. David Kerr is a Scotchman and

was educated in Scotland. He came to this country thirteen years ago and has filled several important charges before coming to Ohio eight years ago. He was one of the chaplains at the state Masonic home for some time. Before leaving Dayton the Presbyterian ministers tendered him a banquet at the Beckel Hotel and the congregation also gave a banquet and presented him with a fine silk umbrella.

Mrs. Kerr also received recognition as the Ladies' Aid gave a chase silver tray with her monogram engraved on it. The Frances Willard W. C. T. U., which she assisted to organize, presented her with a beautiful set of napery of the Scotch thistle design, while her young ladies class gave a handsome ladies' hand bag.

At a meeting of the Presbytery in the Second Presbyterian church in this city, Rev. Kerr will be received from the Dayton to the Zanesville Presbytery and will begin his work next Sunday.

## Home Ownership

Ownership of a home is fundamental to good domestic economy. It makes of every man a king. It establishes him in a domain wherein he is more a monarch than is the titled weakling to the throne or principality that came to him through the accident of birth. The knowledge of ownership instills a feeling of independence. It is an inspiration to thrift and economy. The home owner who has practiced reasonable industry and economy can snap his fingers at panics and sickness. He stands in no fear of the rent collector or dispossessor. He and his good helpmate are joint rulers in a little kingdom or their own, which can be made a foretaste of paradise.—Editorial in Cincinnati Enquirer.

## SAFETY EXPOSITION TO CONSERVE LIVES

Fifty per cent of the accidents in American industry are preventable, is the claim of the American Museum of Safety. In proof of this, it has just opened a permanent exposition of safety devices in the Engineering Societies' Building, New York, to show how the dangerous parts of machines and processes may be protected, so as to save the lives and limbs of the workmen. It thus becomes a clearing house for every worthy device and every worthy thought concerning safety. It is its purpose to place this new museum idea on the highest plane, namely the realization of the greatest ideal—preventing loss of life—the conservation of human life.

The exposition consists of machines in actual operation, models and photographs of safety devices for circular saws and planers, presses and grinding machines, saws, lathe tools and fire escape constructions and ladders for climbing poles, wires, elevators, safety lamps, and contrivances for gasoline and kerosene, volatile liquid, kettles, the building trade, transportation, quarrying, the chemical industries and wood-working contain their appropriate safety devices.

"I'm in trouble," said a pale and worried employer who called at the museum. "I've just lost one of my best workmen, through an accident on our circular saw. The wood kicked, throwing him forward on the saw, which cut him so badly that he lived only a few minutes. What can you show me in the way of a safety device?" Such problems as this arise every day in industrial life and clearly prove the necessity and value of a clearing-house of practical information, where employers and workmen alike may go for advice and practical help.

## HALLOWE'EN WAS QUIETLY CELEBRATED

Hallowe'en in Newark was quietly celebrated, even by youngsters and but little trouble has been reported by property owners over the city. Numerous were the calls at police headquarters last night, but for the most part they were of a trivial nature. In the North End a couple of gangs, who blackened their faces, threw stones at houses, but Patrolmen Petrey and Swinehart soon put a crimp in their sport and the boys were ordered to report to Chief Hindel today.

## GOV. HARMON DENOUNCED THE CAREER OF GARFIELD

### In Scathing Denunciation Tells of His Record on Cincinnati Car Franchise and Other Measures

**Tom L. Johnson, Former Mayor of Cleveland Makes  
Dramatic Appeal for Harmon and Is Given  
Ovation Lasting for Ten Minutes—  
Ohio's Chief Executive  
Given Demonstration.**

Intensely dramatic and even thrilling was the unexpected appearance of former Mayor Tom L. Johnson at one of the Cleveland meetings last night, that at Nineteenth street and Payne avenue. When, the merest shadow of his former self and a pathetic figure, he was helped feebly into the tent, the 4000 spectators broke into a frenzy of applause that lasted for 10 minutes. The crowd cheered until it was hoarse, and, resting, cheered again. With visibly painful efforts, the old lion came to the edge of the platform to say:

"It stirs my blood to be out again and in the old tent. I came here against the advice of my doctors to speak for Governor Harmon. The people of Ohio will do themselves an honor to elect a man like him instead of a creature of George B. Cox."

After a few more sentences Mayor Johnson sat down and a moment later was helped out into the stormy night to a waiting automobile. Many who saw him were ready to believe that it was his last appearance upon a political meeting. Governor Harmon, who was deeply affected by the demonstration, said:

"If, after I shall have retired to private life and have no favors to bestow, an Ohio audience shall give me such tokens of affection, I shall thank God that I lived."

This tribute to the old idol, now more than ever popular, caused the crowd to tender Harmon an ovation.

Cleveland, Nov. 2.—While I am here discussing a plain business proposition as to the better conduct of the state government, where is Mr. Harding today, and where was he yesterday? In Cincinnati on his knees begging the people there to ratify his nomination by George B. Cox."

This was one of the trenchant sentences uttered by Governor Johnson to his audiences yesterday in this city and in Summit county. It is illustrative of the fiery campaign that he inaugurated early in the day at Hudson. Throughout this Republican territory he preached the gospel of the overthrow of the Cincinnati dictator and his allies of the state Republican machine.

The climax to it all came last night when he turned his full strength into the exposure and denunciation of the career of James Rudolph Garfield.

Garfield's connection with the enactment of the 50-year franchise bill for Cincinnati and his vote to confirm the title of the Baltimore and Ohio railroad to \$5,000,000 worth of canal lands in this city, a property that the state has since recovered, was touched upon and his alleged inanity as an investigator of the Beef Trust held up to ridicule.

Declaring that Garfield was using the falsehoods of others from the stump, Governor Harmon devoted himself especially to a ventilation of the favorite charges that he had been instrumental in the defeat of the public utilities commission bill in reply he read a prepared article from the pen of the chairman of the publicity bureau of the Republican state executive committee denouncing the attack upon the governor as mere politics and giving four cogent reasons for the measure's failure, the most potent being the opposition of the receivers and shippers of Ohio and the frequent amendment and shifting of the bill's features by its author, Representative Frank Woods of Medina county.

In the same vigorous fashion he took up the charges of Warren G. Harding concerning the Cincinnati, Hamilton and Dayton railroad, and made a categorical reply to every accusation. It had been his intention to pass over the matter, but as it was in this city that Harding first published the attack he decided temporarily to forego that decision.

The answer was couched in concise sentences and wound up with a challenge to Harding and to the real author of the charge, William F. Thornndyke of Cincinnati, to institute court proceedings, the governor pointing out that the receivership had not been officially ended.

Governor Harmon was greeted by two friendly audiences at either end of the Ohio metropolis, and at both of them he delivered his defiance to Garfield and to Harding, his response to the charges having been prepared in lawyer-like fashion. In taking up Garfield's persistent declaration that he was disqualified as a candidate because he was too close to the corporations and had defeated the public utilities commission bill, he said this:

"What is Mr. Garfield's public record, anyway?"

"1. Mr. Garfield, as a member of the Ohio senate, voted to fasten the infamous 50-year street railroad franchise on the people of Cincinnati, without giving either the people or

## THE AWAKENING OF SOUTH AFRICA COMES WITH OPENING OF FIRST PARLIAMENT, NOV. 4

Pretoria, South Africa, Nov. 2.—The real awakening of South Africa, her step toward new conditions, will come with the visit of the Duke of Connaught, who is to open the first British parliament in this country. The Duke and Duchess of Connaught will make a complete tour of the British possession. He arrives here November 4, escorted by British battleships, and will find South Africa buzzing with excitement. Lavish display and entertainments are to be given in various cities. English newspapers have all sent staff correspondents and photographers and promise to make the opening of the parliament a historical event.

## EXPERTS "TOUCH" HILLIARD BANK

Columbus, Nov. 2.—Six thousand dollars in cash was stolen from the Farmers and Merchants bank at Hilliards near here last night by burglars who escaped in a buggy stolen from the barn of Reed Francis near the bank.

A night watchman discovered the bank door open at 6 o'clock this morning and notified bank officials. The job showed the handiwork of experts. Just enough explosive to wreck the lock having been used.

No one seems to have heard the explosion. Bank officers stated no valuable papers were taken and the bank re-opened for business at noon. It is protected by burglary insurance.

Oxford, O., Nov. 2.—Robert Gordon, 19, son of a prominent New York city engineer, is in the hands of a physician following continued hazing by fellow students at Miami University and Dr. Brandoo acting president of Miami is conducting an investigation.

Gordon has been hazed continuously since college opened, the last stunt being to tie a rope to his bed and jerk it from under him while he slept.

## FRENCH CABINET RESIGNS.

Paris, Nov. 2.—Premier Briand and the entire French cabinet resigned today, and after a long conference with President Fallieres, Briand consented to head a new cabinet.

## SUICIDE OF SCHOOL BOY

Philadelphia, Pa., Nov. 2.—While despondent, it is believed, because he had been reprimanded by his parents for not doing his best in school, Charles Freeman, aged 14, a high school student in this city, committed suicide by swallowing carbolic acid. The boy went to the home of his aunt, where he took the poison. The aunt was attracted by the boy's cries when he felt the acid burn his throat. As she ran towards him, the boy cried:

"I am sorry I don't want to die."

The boy succumbed before medical aid reached him.

## HOCKING VALLEY PROBES HAVE CANAL SUPT. IN TIGHT PLACE

Toledo, Nov. 2.—Indictments charging the Hocking Valley railroad and the Sunday Creek Coal company with discrimination in violation of the interstate commerce law were returned by the federal grand jury today. The road was indicted on 28 counts and the coal company on nine. The maximum fine that can be assessed against the road is \$500,000 and against the company \$150,000.

Federal Judge Kilbuck fixed bond at \$7,000 on each indictment.

## USED GASOLINE FOR VINEGAR

Evansville, Ind., Nov. 2.—When Mrs. Louis Voelkel sent her son to a grocery to get vinegar to make pickles, he brought back gasoline instead. Mrs. Voelkel poured the gasoline over the pickles on a hot stove, flames filled her kitchen and the house caught fire. She seized the pickle pot ran out of doors, and threw the contents into the next yard, saving the house next door.

Firemen turned streams on the two houses, the pickle pot and Mrs. Voelkel who is unharmed. The small boy disappeared for the day.

## ELECTRICIAN THREW SWITCH AT MORRO CASTLE EXPLODING MINE THAT DESTROYED THE MAINE.

Sensational Claim of Army Officer Who Says Statements Will Be Proven.

Kansas City, Mo., Nov. 2.—Josef Zavado, a Cuban electrician at Morro Castle, threw the switch that exploded the mine which destroyed the Maine and snuffed out 207 lives. The ship was blown up from the bottom and this fact was known to the president, the secretary of the navy and four army officers before the Spanish war was declared. This statement was made today by Capt. Jasper Ewing Brady, late of the United States army. He says Zavado was later shot by order of Gen. Blanco, who would never tell why.

Brady claims a piece of the cable connecting the mine with Morro Castle is now in the navy department at Washington. He claims all of his statements will be proven when the Maine is raised.

## SAV STORY IS RIDICULOUS.

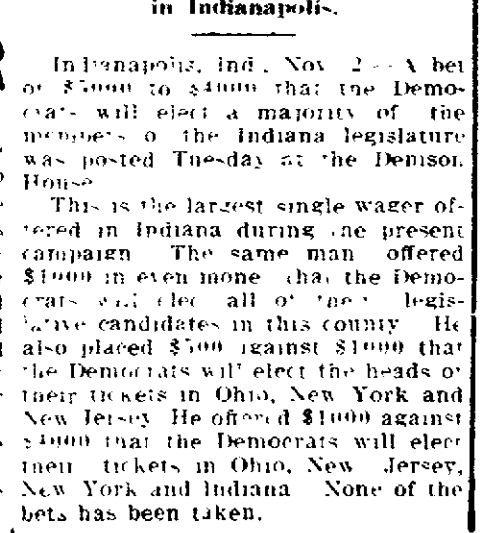

Washington, Nov. 2.—Brady's Kansas City story about the battleship Maine is called utterly ridiculous in official circles here today.

## LARGEST SINGLE BET

Indianapolis, Ind., Nov. 2.—A bet of \$1000 to \$1000 that the Democrats will elect a majority of the members of the Indiana legislature was posted Tuesday at the Denison House.

This is the largest single wager offered in Indiana during the present campaign. The same man offered \$1000 in even money that the Democrats will elect all of the legislative candidates in this county. He also placed \$500 against \$1000 that the Democrats will elect the heads of their tickets in Ohio, New York and New Jersey. He offered \$1000 against \$1000 that the Democrats will elect their tickets in Ohio, New Jersey, New York and Indiana. None of the bets has been taken.

## RUMORS OF A REVOLT AGAINST KING ALFONSO

### Censorship in Spain Has Made it Almost Impossible to Secure News from Capital

### Feared That There Has Been An Outbreak at Madrid—Talk of Revolution in Spain Has Been Rife for Some Time—Denial from London.

London, Nov. 2.—That an armed revolt against King Alfonso is imminent, it not already an actual reality, is the belief expressed today by persons who have kept in close touch with the Spanish situation.

Up to date there has been no confirmation of the widespread rumors that revolution has broken out in Madrid and Barcelona; but neither has there been official denial. The censorship in Spain has been tightened to the point of absolute secrecy and it is impossible to obtain definite news from the Spanish capital.

The Morning Telegraph, one of the most influential dailies in England and the first paper to publish an account of the big battles of the Russo-Japanese war, declared that at 1:40 this morning its Paris representative telephoned that he had heard rumors of an outbreak in Madrid, but that he was unable to get official information. In some quarters it is declared that the telegraph rumor was probably based on the wholesale arrests of Spanish republicans who were accused of tampering with the loyalty of the troops. It is understood that the jails of Madrid are filled with plotters who have been trying to instigate the army to join in an armed uprising. Later in the day the Westminster Gazette printed similar rumors.

The Exchange Telegraph declares it has questioned high officials and has been unable to secure confirmation of the reported revolt. It therefore attached little importance to the rumors.

In official quarters, however, it is admitted that the absence of definite information either in the form of admission or denial suggests that there have been extraordinary developments in Spain, which the Spanish government is most anxious to conceal. It is regarded as rather significant in this connection that the World first heard of the uprising in Portugal through unconfirmed rumors that percolated from unknown sources in the newspaper offices of London and Paris. The Portuguese revolutionists did everything in their power to "bottle up" the news until assured of the success of their revolt. The Spanish revolutionists and the Spanish government would be certain to follow the same tactics.

The volcano of revolution has been rumbling and muttering in Spain for many months and it is admitted that the success of the republicans in Portugal has inspired the Spanish revolutionists to greater activity. The world expected the first outbreak on Oct. 13, the anniversary of the execution of Prof. Francisco Gerrer, the "martyr" who was shot as the instigator of the Barcelona uprising last year. The day, however, passed without bloodshed, for "Butcher" Weyler, in command of the loyal troops, had premier Canallas' orders to put down a revolt without mercy.

The Moroccan situation is counted upon to aid the revolutionists in undermining the loyalty of the army. Spain cannot withdraw from Morocco and "save her face" nor can she continue her policy of aggression in

## Official Denial.

London, Nov. 2.—An official denial that there has been a revolutionary outbreak in Madrid or any other part of Spain was received here this afternoon.

The details omit any reference to the discovery of a wide-spread revolutionary plot.

Information which reached here this afternoon from Lisbon indicates that the Spanish government has discovered a widespread revolutionary plot. The plot is reported to have been revealed to the authorities just before it was sprung, and the result was that hundreds of arrests were made in all parts of the kingdom. According to these same reports, the rumors of a revolt were occasioned by the hundreds of arrests that were made simultaneously in every part of Spain, all the arrests being accompanied by a show of force and some disorder.

## PRETTY MISS HAILING FROM COSHOCTON MAS- QUERADED AS BOY AT TOLEDO.

Says She Hates Women and Couldn't Make a Decent Living as a Girl.

Toledo, Nov. 2.—"I couldn't make a decent living as a girl. That's why I wore boy's clothing," declared pretty Margaret Patrick, 18, of Coshocton, here today.

I almost hate women. Men always stick together and help one another out when they get into trouble. Women never do. They are always ready to knock any girl that is down on her luck."

Miss Patrick has been working as a news butcher on a Lake Shore train. Trainmen suspected her sex and "tipped off" the local police. She has been rooming with W. F. Collmer here. As a result of her detection, she and Collmer will probably be married today. He was more than willing and the police matron got Miss Patrick to consent. The girl denies that she left Coshocton with Collmer and says she has written her mother of the whole affair.

## NEVER HEARD OF A SHOAT

Washington, Nov. 2.—B. H. Warner, Jr., running for congress in the Sixth district of Maryland, guesses wrong. His district is composed largely of men who work in Washington, as it is just over the line.

Warner thought they were farmers and in an address last night he waxed warm over the better prices received for shoats in these Republican times as compared to Cleveland's administration.

After a long oration on this point one of his hearers asked: "Say, mister, what in hell is a shoat, anyhow?"

## NOT ONE GRAIN OF QUININE IN THIS COMPOUND

The most severe cold will be broken, and all grippe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable neuritis pains, headache, stiffness, tend and nose stuffed up, sore throat, mucous, catarrhal discharges, soreness, stiffness, rheumatism, pains and other distressing ailments.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and claims no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Pape's Cold Compound is directed with the knowledge that it is the best medicine made anywhere in the world, which will break colds and grippe misery, and will relieve any other ailments of colds and grippe as a 25-cent package of Pape's Cold Compound, which can be bought in the world can supply.

### THE ORPHEUM.

Manager Bassett announces that he is looking toward this week to "breaking all records," as he has been unable to seat all the people that have tried to attend the big vaudeville bill at the popular Arcade playhouse in the past seven performances, and would advise patrons that have been unable to secure seats at the evening performance to try and arrange to attend the daily matinee, which starts at 2:15 sharp.

"The Ten Dark Knights," which are heading the bill in high class music, harmony and eccentric dancing, are better than ever, introducing new song numbers, with new special scenery. Vin Hoff in a neat and refined mimic specialty, is holding his own on the extra strong bill. Miss Aubrey E. Rich, the female baritone, in her funny story telling, is more than making good. And Dick Wolff is surprising them all with his most pleasing and novel foot juggling.

The Orpheum is a very pleasing home story film.

## OBITUARY

### WENDALL STOCK.

The death of Wendell Stock, aged 65 years, occurred at his home, 41 Thirteenth street, at eight o'clock Wednesday morning.

The deceased had been ill since the first of August, when he left his work at the Halsey Glass Factory, and he had gradually declined in health since that time, the death being resultant from a complication of diseases.

He is survived by his wife, Mary Stock, two sons and three daughters, Joseph J. of the city, Jacob C. of Savannah, Ga., Mrs. Wm. Kyle and Mrs. Edward Fox of this city, and Mrs. Frank Edgerton of Columbus. The deceased came to Newark with his family from Shawnee about 12 years ago, and had resided here ever since, where he was well known and highly respected. The funeral services will be held at St. Francis de Sales church Friday morning at 9 o'clock, conducted by Rev. Father B. M. O'Boyle, and the interment will be made in Mt. Calvary cemetery.

### FRANKLIN WILKIN.

Franklin Wilkin, who died suddenly Nov. 1, on the streets of Newark, while talking to his niece, was born June 28, 1852, on the farm where he has ever since resided. His parents, Henry and Magdalene Wilkin, were pioneer residents of Mary Ann township.

Franklin was the ninth of a family of ten children, all of whom have preceded him to the great beyond except the youngest daughter, Mrs. Lucinda Pound.

Franklin Wilkin was married Oct. 12, 1864, to Mary A. Jenkins. This union was blessed with three children, Milton and Henry, who survive, and a daughter, Lena, who died in childhood.

Mr. Wilkin was a member of Acacia Lodge, No. 464, of Wilkin, O., and also of Warren Chapter of Newark.

Mr. Wilkin had the distinction of being the second oldest Mason in point of membership in Mary Ann township.

He was an ideal husband and father, a model friend and neighbor. No worthy person ever came to him for aid without receiving it. In fact, it seemed to be his high ambition to do good to his fellow man, and no one will ever be more sadly missed from the community than he.

Funeral services will be held at the old home Friday, Nov. 1, at 1 o'clock, sun time. Interment in Barnes cemetery.

Besides his wife, two sons, a sister and other relatives, he leaves a large circle of friends who share in their bereavement.

**FUNERAL OF MRS. ARMSTRONG.**  
The funeral of Mrs. Sarah Armstrong will be held Thursday afternoon at 2 o'clock from her home, 340 Wilson street.

### GIVE YOUR STOMACH A NICE VACATION

Don't Do It By Starving It Either—  
Let a Substitute Do the Work.

The old adage, "All work and no play makes Jack a dull boy," applies just as well to the stomach, one of the most important organs of the human system, as it does to the man, himself.

If your stomach is worn out and rebels against being further taxed beyond its limit, the only sensible thing you can do is to give it a rest. Employ a substitute for a short time and see if it will not more than repay you in results.

Stuart's Dyspepsia Tablets are a willing and most efficient substitute. They themselves digest every bit of food in the stomach in just the same way as the stomach itself would, were it well. They contain all the essential elements that the gastric juice and other digestive fluids of the stomach contain and actually act just the same and to just the same work as the natural fluids would do. They, therefore, relieve the stomach just as one workman relieves another, and permit it to rest and recuperate and regain its normal health and strength.

This "vacation" idea was suggested by the letter of a prominent lawyer in Chicago. Read what he says: "I was engaged in the most momentous undertaking of my life in bringing about the coalition of certain great interests that meant much to me as well as to my client. It was not the work of days, but of months. I was working night and day almost, when at a very critical time my stomach went clear back on me. The undue mental strain brought it about and hurrying up what would have happened later on."

"What I ate I had to literally force down and that was a source of misery as I had a sour stomach much of the time. My head ached, I was sluggish and began to lose my ambition to carry out the undertaking. It looked pretty gloomy for me and I confided my plight to one of my clients. He had been cured by Stuart's Dyspepsia Tablets and at once he went down to a drug store and brought a box up to my office."

"I had not taken a quarter of that box before I found that they would do all the work my stomach ever did, and as a rest or vacation was out of the question for me, I determined to give my stomach a vacation. I kept right on taking the tablets and braced up and went ahead with my work, with renewed vigor, ate just as much as I ever did and carried out that undertaking to a successful issue. I feel that I have Stuart's Dyspepsia Tablets to thank for saving me the handsomest fee I ever received as well as my reputation and last but not least, my health."

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box.

### How To Treat the Feet.

Many men and women, and especially clerks, suffer with aching, swollen and sweaty feet. Others suffer much from cold feet, or corns and callouses. This form of misery can be readily banished by the simple daily use of antiseptic vilane powder, a specific of extraordinary virtues.

Obtain two ounces of vilane powder from any leading druggist and to a gallon of steaming water add a teaspoonful. Immerse the feet in this every night for a few weeks, ten to twenty minutes, and it will soothe, heal and remove all poisons and sores. Corns and callouses disappear and cold feet soon become unknown. Any one suffering with their feet should have this knowledge.

### MELBA'S FEES.

In the subject of fees paid to famous artists, the public always finds a certain amount of fascination. A few figures, culled to take away the breath of the uninitiated in such matters appear in the recently published biography of Melba. In 1902 the diva paid her first professional visit to her native Australia and at her third concert in Sydney received the largest sum ever paid to a singer for a single concert, viz., \$11,750, and this notwithstanding the fact that the entrance barriers at one door had been torn down by the waiting crowd, who feared exclusion, and that many entered the hall without the "formality of payment." Mention is also made of a party given a few years ago by Mr. W. W. Astor, on which occasion Mme. Melba received \$5000 for four numbers contributed in the music room. Another item worth quoting refers to gramophone records made in New York. Here on March 24, 1907, we read: "She was busy making records for a gramophone company, who for the selections that she easily completed within a week, paid her a cash bonus of \$30,000, with more to follow in the way of royalties."

Madame Melba appears in Columbus on Thursday evening, Nov. 3, at Memorial Hall. Seat sale opens at Wilk-Redman's Monday, Oct. 31.

# S.S.S. CURES RHEUMATISM

Rheumatism is an acid blood fermentation, a souring of the circulation from an excess of uric acid in the blood stream. This uratic impurity is transmitted to the blood through the process of absorption, and comes as a result of constipation, indigestion and other systemic irregularities.

When the blood becomes infected with this uratic impurity the complications of Rheumatism are set up. The circulation is no longer able to furnish the different muscles, nerves and joints with the nourishment and strength they need, but instead deposits into these members the gritty, pain-producing acid with which it is contaminated.

Rheumatism is usually manifested in the joints and muscles. It is here its sharpest twinges of pain are felt and stiffening of ligaments and tendons first commence. The pain of Rheumatism is caused by the contact of the sensory nerves with the gritty, acid formation which uric acid causes to accumulate in the corpuscles of the blood about the joints. The severer symptoms of the disease come on gradually. Constantly the circulation deposits the uric acid particles into the muscles and joints, and slowly the natural fluids are dried up or hardened. Then Rheumatism becomes chronic and serious, and if allowed to run on, may permanently cripple or break down the health of the sufferer. The disease is sometimes inherited, for like all blood troubles, it can be transmitted from parent to child. This explains why some persons are afflicted with Rheumatism who have always been healthy otherwise.

There is but one way to cure Rheumatism, and that is to purify the blood—cleanse the circulation of the uric acid impurity. S. S. S. goes into the blood and attacks the disease at its head, and by removing every particle of the uratic matter, and building up the blood to a healthful condition, this medicine destroys the cause and cures Rheumatism.

When S. S. S. has cleansed the blood of the uric impurity, enriched and strengthened the circulation, then the nerves are quieted, the muscles become elastic, the blood tissues are thickened and freshened, all pain disappears, and the feverish, inflamed flesh is made comfortable. Nothing equals S. S. S. as a cure for Rheumatism, because nothing equals it as a blood purifier. No matter whether you have the disease in muscular, articular or inflammatory form, you can have no permanent relief from its aches and pains until you have cleansed and purified the blood. S. S. S. has cured thousands and it will cure you. We have a special book on Rheumatism which we will send together with any medical advice free to all who write and request same.

### RHEUMATISM ALL GONE

I wish you to know what great benefit I have received from the use of S. S. S. I have been afflicted with Rheumatism for twenty years, sometimes being entirely laid up by it and always lame in some part of my body. It grew worse until it was misery to attempt to walk at all; my right knee was nearly twice its natural size, and was drawn up considerably shorter than the other one. A friend advised me to take S. S. S., which I commenced. I had tried so many things that I must say that I had very little faith that it would do me any good, but was willing to try anything that promised relief. Before I had been using it long I was greatly relieved, and continuing the medicine I soon found I was entirely cured. The lameness and soreness all left. I can straighten, move or bend my leg as well as any one, and I have never known what rheumatism was since. I am 65 years old and feel deeply grateful to S. S. S.

## In Woman's Realm

The members of the Alpha Pi fraternity entertained a number of their friends on Monday evening with a Halloween party.

The party attended the first performance of the Orpheum theatre and then the fraternity members held an informal reception in their rooms on North Fourth street.

The fraternal house was elaborately decorated with posters and pennants and was lighted with candles placed in pumpkin faces. A delicious five course repast was served and the evening was spent in dancing.

The young people were chaperoned by Dr. and Mrs. W. H. Sedgwick.

One of the prettiest and most successful social affairs of the early autumn was the initial dance of the Emire Nours club on Friday, October 29. Stevens orchestra furnished excellent music to which the happy dancers fully responded.

Those in attendance were: Mr. and Mrs. J. D. Keeler, Messrs. A. C. Guntlach, James McCarthy, Ted Devlin, Harry Shields, J. W. Penne, Walter Kussmaul, J. Keeler, M. F. Kennedy, Carl A. Donahue, Frank Ewald, Will McKenna, Rollin Baird, Edward

Ewald, Parnell McKenna, John Evans, Louis Bentz, Walter McCarthy, C. A. Sensabaugh, Charles J. Pieri, Taylor Kussmaul, Roman Adam, Will McDonnell, Edward Kennedy, Fred Palmer, Wendall Lyle, Eugene Garrity, F. J. Woodcock, Misses Fitzsimmons, Nora Cuth, Marie Garrett, Florence Long, Mary Keeley, Hyacinth Sullivan, Leona Egan, Catherine Calohan, Mary Baird, A. Spencer, Julia McCarthy, May Callahan, Mame Dolan, Elizabeth Develin, May McDonnell, Christine Fisher, Mary Bumbgarten, Mary Balzer, Katherine Shaughnessy, Marie Shaughnessy, Clare Kureth and Mary Adam.

The initial meeting of the Progressive club was held this afternoon at the home of the president, Mrs. Charles Allen, in North Fourth street. The calendar program was arranged as follows:

Roll call—Clippings  
The Magazine as a World Influence  
Mrs. L. O. Stevens.

Since Last We Met—Mrs. F. M. B. Windle.

Mrs. Allen also entertained several guests of the club, Mrs. F. S. Carpen-

ter, Mrs. W. T. Pickett, Misses Carrie Allen and Edith Mackey.

Mrs. Clem Coffman of West Church street was the charming hostess to the "No Name" Pedro Club this week. At the conclusion of the game the first prize was awarded Mrs. Rhoda Anderson, while Mr. William Davis received the consolation souvenir.

The club members enjoying Mrs. Coffman's hospitality were: Mesdames Anderson, Rutherford, Somers, Greep, Schultz, Hull, Eberly, Ingram, Martin, Barrett and Davis. Mrs. Blane was a guest of the club. The next meeting will be held at the home of Mrs. Rhoda Anderson, 125 North Eleventh street.

The Unity Reading Circle was entertained at the home of Mrs. F. C. Coulter in Buckingham street on Tuesday afternoon and the pleasing program was enjoyed by the members and guests.

Roll call—Brief Accounts of Famous Women

Hanlet, Act III—Leader, Miss Emma Lisey, assisted by Mrs. Oaklee, Mrs. Simson, Mrs. Rugg, Mrs. Mitchell, Miss Larson, Miss Lisey.

Topic of the Day—Mr. Burch Critic—Mrs. Rhoads.

A pleasant preface to the program was the vocal solos of Mrs. Cora Laird, accompanied by Miss Cora Bourner.

The guests of the club were Mrs. Keay of Findlay, Mrs. Meridith, Mrs. Sigler, Mrs. Wickham, and Mrs. Brooks.

Mr. and Mrs. H. J. Wright entertained with a Halloween party on Monday evening at their home in West Church street. The guests all went en masque and the hours were spent in playing games appropriate to the holiday celebrated. The rooms were prettily arranged with corn and jack-o'-lanterns and a delicious luncheon was served.

The guests were Mr. and Mrs. Wm. Schroeder, Dr. and Mrs. Anderson, Mr. and Mrs. H. D. Howe, Misses Jessie King, Alma Hilliard, Messrs. Irving Martine and Walter Humpton of Columbus.

KILBURG—ADAMS.

At three o'clock Tuesday Mr. Arthur Kilburg, a stove mounter at the big foundry, and Miss Rosalie, daughter of Mr. and Mrs. Henry Adams of this city, were united in marriage. The ceremony took place in the First M. E. parsonage, Rev. L. C. Sparks officiating. The young couple have many friends who will be glad to offer congratulations. They will reside in Newark.

Mrs. Joseph Robe will be hostess to the Wednesday Afternoon Thimble club on Thursday afternoon at her home in Woods avenue.

On Tuesday evening, Mr. and Mrs. Oscar Scheffler entertained the Monday Evening Euchre club at their suburban home west of the city. The club game was the diversion and the souvenirs were awarded Mr. and Mrs. Lawrence Kreig.

A dainty repast was served the following members: Mr. and Mrs. W. W. Gard, Mr. and Mrs. Lawrence Kreig, Mr. and Mrs. George Flory, Mr. and Mrs. Charles Matthews, and Mr. and Mrs. Ralph Davis.

The meeting of the Wednesday Afternoon Sewing club has been postponed from the club day until Thursday. The club convenes this week at the home of Mrs. Joseph N. Pugh in Wyoming street.

The pleasant country home of Mr. and Mrs. Arthur Wyeth was the scene of a very delightful gathering on Saturday, October 29, in honor of Miss Emma Jackson, who is visiting her parents in Licking county, after having been in the east where she holds a lucrative position with the Eugene Zaiss & Co.'s suit and cloak house of New York City.

Invitations were issued reading: Sycamore Hill Farm Mrs. Arthur Wyeth invites you to her home in honor of Miss Emma B. Jackson.

was thoroughly enjoyed, and when finished, given to the guest of honor. The pleasures of the afternoon were enhanced by some beautiful piano selections. At four o'clock the hostess assisted by Mrs. Jackson, served an appetizing luncheon in three courses, after which a surprise was given to all when announcement cards were passed revealing the name of the bride-to-be, Miss Emma B. Jackson and the groom-to-be, Mr. Harry Stanley Goldberg of Brooklyn, N. Y. Mr. Goldberg is assistant manager of the Puck Publishing company of New York City, and has visited in this city at the home of Dr. and Mrs. Howard Barrick of Greenville street.

Miss Jackson is well known in this county, being the youngest daughter of Mr. and Mrs. B. D. Jackson of Liberty township, and has held responsible positions in Columbus, Los Angeles, Cal., and in New York City. Mrs. Jackson is a sister of Mrs. Howard Barrick, and Mrs. J. Warren Jackson, both of this city.

The guests enjoying the afternoon were Mesdames Bunells, Miller, Bales, Peters, Gosnell, Rodgers, Pace, L. D. Gosnell, Shockley, Evans, Lown, Jackson and Barrick, and Misses Bourne and Jackson.

After showering congratulations on the honor guest all departed for their homes, leaving Miss Emma many beautiful mementoes of the esteem of her friends.

The Royal Sewing club has for hostess this afternoon, Mrs. Frank Horn, who is entertaining at her home in Stevens street.

The guests of the club are Mesdames Guy Wright, David Murphy, George Roley Alan Courtney, Lester Newkirk, George Glausinger, Joseph Booth, William Barnett, and Misses Nona Ritter and Enid Norton.

Mrs. Beatrice Karna gave a delightful Halloween party at her home near Hebron. The evening was spent in music and games after which a dainty supper was served.

The guests were Misses Matilda Saunders, Nina Pletch, Osa Clark, Florence Green, Isabelle Somers, Laura Shultz, Flora Hertel, Mary Strawn, Louise Rex, Grace Mock, and Beatrice Karna.

The bridge whist party given by Mrs. Charles Hollander and Miss Romaine Stanbery is the most elaborate social event of the early fall season, and about seventy guests are participating in the game at the Stanbery home this afternoon.

The quaint rooms are filled with bowls of yellow and white asters and the card tables are placed in three rooms.

A three course supper was served at the small table at the conclusion of the game.

Jones, S. M. Hunter, Sarah Rosebraugh, Helen Franklin, J. H. Franklin, Charles Rankin, William Neal, Henry Buell, Edward King, Fred Wright, Frank Webb, Kemper Scott, Lynn B. R. Tubbs of Sioux Falls.

One of the most enjoyable events of the week was the masquerade party given in honor of Miss Kathryn Palmer at her home in Wilson street. The evening was spent in playing Halloween games and telling fortunes, the prizes being awarded Miss Effie Bue and Miss Irene Winters.

At a late hour a delicious luncheon was served the following guests: Misses Olive Smith, Geneva Porter, Effie Buey, Goldie Weakley, Anna Dusenberry, Margaret Jennings, Martha and Dorothy Field, Irene Winters, Mesdames Belmar, Binder, Bickel and Davidson. The out of town guests were Miss Anna Horner of Columbus and Miss Grace Jones of Mt. Vernon.

### LOST HER HAIR.

Woman Almost Baldheaded Grew Four Inches of Hair.

Here is a piece of live news from Brownstown, Minn., that ought to interest skeptical men or women readers of the Advocate who are losing their hair or have dandruff or itching scalp.

Remember that Evans' Drug Store sell Parisian Sage under a positive guarantee to stop falling hair and itching scalp and eradicate dandruff in two weeks.

Parisian Sage is most refreshing and daintily perfumed hair dressing, free from grease or stickiness. It makes dull, lifeless hair radiant and lustrous.

Parisian Sage is the best hair grower and beautifier and dandruff cure I lost all my hair through typhoid fever. I was almost baldheaded and my scalp was as sore as could be. I tried everything, but in vain. Finally I tried Parisian Sage, and after using one bottle my hair started to grow, and has grown three or four inches inside of two months. I advise every lady who wants beautiful hair to use Parisian Sage. Miss Meta M. Kruger, Brownstown, Minn., June 8, 1910.

Parisian Sage is only 50 cents a large bottle at Evans' Drug Store and druggists everywhere. The girl with the Auburn hair is on every package.

THE SPIRIT OF PROGRESS is nowhere more evident than in the demand for better built houses. The law prohibits the erection of the old flimsily built and dangerous houses. If you are to have a good building you must employ good building materials. As we handle only those of proven merit it is far safer for you to have us fill your order. ## HOW CAN THE VOTER SWALLOW SUCH A DOSE?

Harding has now swallowed the whole Cox hog. In doing so he has followed the advice especially urged by Dick in order to secure a Republican Legislative delegation from Cincinnati, to vote for him (Dick) for United States Senator.

Now all that the voter has to do is to swallow Cox, Dick, and Harding at one gulp.

But how can the voter withstand such a nauseous dose?

## ISN'T IT GREAT?

When William H. Taft was a member of Roosevelt's cabinet he said in a political speech at Akron that if he were able to vote in his home city he would vote against the ticket of the Cox machine.

Now four members of President Taft's cabinet have been sent to Ohio to tell the voters of this state how to vote. Will they repeat the advice their chief gave the voters of Ohio when he was a cabinet officer five years ago? It is much more important to know what cabinet officers are going to say now that Taft is president than it was five years ago to know what Taft had to say as a member of Roosevelt's cabinet, because Roosevelt himself is going to burn a red hot trail from Toledo to Cleveland next Saturday in an attempt, though an outsider, to tell the voters of Ohio how to attend to their own political affairs.

Isn't it great? All this commotion and dictation from outside interests in a strictly state campaign, when a governor who has gone after grafters on the principle that "guilt is always personal" and whose attempts to clean up the state house have been hindered to the utmost by a legislature with a Republican majority in the house and in the senate.

This year Governor Harmon's administration deserves the support of the people of Ohio regardless of political affiliations. It will be time enough for President Taft to claim the same favor if he can prove between now and 1912 that he is worthy of it.

General Grosvenor hasn't been heard from. "Old Figgers" must have seen the hand writing on the wall.

# THE DICK PERSONAL ABUSE OF OHIO'S GREAT GOVERNOR

The Charley Dick personal abuse of Governor Harmon gets meaner every day.

The greatest and best Governor Ohio has had for a generation is subject daily to vilification that has descended to the low level of blackguardism.

The author is the Ohio expert of defamation who disgraces our honored commonwealth in the United States Senate.

Dick's medium of spreading this vituperation is seen in the columns of those Ohio Republican newspapers that are willing to be used for that kind of unscrupulous political warfare.

The Dick literary bureau invents the calumnies from which no Democrat can escape, not even the late lamented Governor Pattison, and the Republican newspapers under boss influences are the medium through which Dick himself, behind the screens, disseminates his infamy upon the people.

There never was a time when the indignation of righteous, fair minded people should be more thoroughly aroused than now to sustain the upright, able conduct of a great Governor by casting their ballots for him on November 8.

## HARDING'S DEFEERENCE AND DEVOTION TO COX OPENLY AVOWED IN CINCINNATI

Every time Governor Harmon has asked Harding whether he still yields deference and devotion to George B. Cox he has wriggled out of a definite answer. His actions in Cincinnati on Monday, however, leave the question no longer without a reply. According to the papers of his own party he went into private conference with Rud Hynicka for an hour before his speech, and he rode in the private automobile of Garry Hermann. Hynicka and Hermann are known to everybody as the two chief lieutenants of Cox in the most corrupt political machine ever seen in the United States outside of Pennsylvania.

After this private interview with these two men, Harding went on the platform and abused Governor Harmon for his attacks upon Cox and his machine government of Cincinnati, and openly defended Cox and all that Cox stands for.

Furthermore, Harding promised Cox a "square deal" if he should be elected, whatever that means, and called on his hearers to resent and punish Governor Harmon for his attack on Cox scoundrelism by voting for him (Harding) against Harmon.

After that, does any sane man suppose that the election of Harding will be followed by any more attacks upon Cox robbery from the Governor's office? Harmon tried to get the Republican legislature to renew the Cincinnati investigation, but it refused. He then did some investigating on his own hook, and at once unearthed Cox's connection with the graft in the State Treasury. That and more like it was the basis of Harmon's attack upon Cox and Coxism in Cincinnati, and now Harding openly asks the people of Cincinnati to vote for him as a rebuke to Harmon for insulting their city. Every grafting scoundrel in Ohio who has been lining his pocketbook with public money because of the way in which Cox has corrupted Ohio politics will join heartily with Harding in that request. It is their one best road to escape the penitentiary.

But what about the scores of thousands of honest Republicans who hate Cox just as badly as Harmon hates him? Are they going to help Harding and Cox rebuke an honest Governor for going into Cincinnati and describing in plain English just the kind of a den of thieves that Cox rule has set up there?

Mr. Harding's action in going to Cincinnati and assailing Harmon on that ground has just one reasonable explanation: He knows that his campaign among the thinking Republicans and Democrats throughout the state has been a failure—that as things stand now he is already beaten. As a last desperate resort, he goes to Cincinnati and bids both privately, in his interview with Hermann and Hynicka, and openly, in his public speeches, for the support of the old Cox gang. He will get that support, for it has no use whatever for Judson Harmon. And for every vote that Harding gets from the Cox gang, he will lose at least two honest Republican votes right in Cincinnati, and a much larger number all over Ohio.

Everybody agrees, even our Republican friends, that it is only a question of the size of the plurality that Governor Harmon will roll up at the polls next Tuesday.

## WHAT, HO! WHERE IS BALLINGER?

Speaking at Lorain Monday night Governor Harmon humorously referred to the influx of cabinet officers as stump speakers in the Ohio campaign as follows:

"We are to be overrun now with visiting statesmen. I am sorry my engagements prevent my going in silk hat and all that to receive them on the border, for they are coming on a high mission, to tell the people of Ohio how to vote."

"The members of the cabinet will have two of the president's speeches posted in their hats for constant reference, the one in Winona saying the Payne-Aldrich-Smoot tariff is the best ever, and the one in Akron saying the Cox machine is the worst ever. But why comes not Ballinger among them? Can't he talk? Or is the president unwilling to part with him even for a little while? What's the matter with Ballinger? Isn't he all right?"

## FOUR TO NONE.

President Taft hasn't one Ohio man in his cabinet, but he has four members of his cabinet in Ohio making campaign speeches to tell the voters of Ohio how to vote on state affairs which concern the people of Ohio only. Ohio seems to stand no higher in the estimation of the administration at Washington than Alaska, Porto Rico or the Philippines. The people of Ohio are surely competent to decide whom they want in the governor's office and in other state offices and the kind of legislature they should have without so much advice from the administration at Washington. It will be time enough in 1912 for the administration at Washington to flood the state of Ohio with campaign speeches by cabinet officers.

Only six more days for the mud-slinging machines of the Ohio Republicans to get in their work.

## "The Wicked Fleeth Where No Man Pursueth"

The remarkable publication of Mr. J. R. Davies in the American-Tribune of Tuesday evening in regard to certain charges against him (which really startles the public) in relation to his failure to pay express charges on his dead son's effects, calls for some explanation.

This story, together with offers to swear to affidavits in support of the same, was presented to the Democratic Executive Committee some time ago, and Mr. Smythe and the Editor of the Advocate were immediately called into consultation. Although the story had all the appearance of truth, it was decided by all parties that however much it might be the policy of others to assail the reputation and characters of their political opponents, nevertheless, neither the Democratic party nor any of its candidates, nor its newspaper, could afford to stoop to such practices, and that therefore, they would absolutely refuse to have anything whatever to do with the matter. Any publicity, therefore, which the story has received, comes from those who feel themselves personally aggrieved at Mr. Davies in regard to the transaction, and to them and to Mr. Davies the controversy must be left without any reference to the Democratic organization or to Mr. Smythe, who have and will have, absolutely nothing to do with the matter.

Raymond Rodgers, a well known young man of Coshocton, county, has been certified on the tax duplicate for the alleged sale of intoxicating liquors. Rodgers protests his innocence, but as his father is the candidate for sheriff on the Democratic ticket that explains his reason for Rodgers being placed on the tax duplicate—which is a fact confessed by certain Republican politicians in this city.

With Democratic harmony and Republican dissensions over the state the campaign ought to end in a blaze of glory for the former.

## RECOGNITION WELL DESERVED

The Licking Democracy are highly pleased with the manly, loyal and able course taken by Mr. A. A. Reector in this campaign. Mr. Reector has made a number of speeches in the campaign that make plain his loyalty to his party and its ticket, from Governor Harmon down. His effective, telling speeches wherever he has spoken, have been so valuable in the facts they contain that all the Democrats who have heard them are delighted and enthusiastic. One of the plain results of this campaign in Licking county is that Mr. A. A. Reector has made a bright future for himself.

The voter, by this time is convinced that he wants a Democratic Congress and a Democratic Legislature. He will therefore cast his vote for W. A. Asenbrook for Congress, for C. W. Miller and W. E. Haas for State Senators, and for W. D. Fulton for Representative.

The Licking Democrats are to be congratulated this year, for never before has the party had a stronger ticket in the field. Every voter who calls himself a Democrat should take special pride in seeing that the entire ticket is elected next Tuesday.

Governor Harmon needs a legislature to back him up in his appointments and the enactment of proper legislation for the relief of the people. This fact should be borne in mind by all voters as the Democratic candidates will not alone support Harmon in his policies, but will vote against Charles Dick for United States Senator.

Frank E. Slabaugh, as has been stated, is one of the best qualified men for the position of sheriff that could possibly have been selected to fill the important duties of the office. He is a good lawyer and that will be to his advantage on many occasions when the services of counsel are necessary. He has shown that he is the man for the office by the manner in which he has discharged its duties during the time he has been the incumbent.

Vote for C. L. Riley for County Auditor. Every voter in the county is acquainted with Clem Riley and they know that he has proven a most efficient official during his first term and will vote for his re-election. He will prove efficient, courteous and painstaking in the future as in the past.

## GOV. HARMON STILL LEADS

The Enquirer's straw vote, which has spread to many portions of the state, still shows Governor Harmon to be in the lead. The vote today stands thus: Harmon, 8,466; Harding, 4,861; Socialist, 592.

Fred S. Cully's popularity and his extensive experience as a surveyor should assure his re-election as County Surveyor by a big majority. What we want is men of experience, whose work can be depended upon. No experiments at this time.

Dr. W. E. Wiyarch is one of the best known and most highly respected men in the county. He is a splendid physician and will fill the duties of Coroner in a manner satisfactory to all. He has had considerable experience in the office, and he should be elected by a goodly majority.

Voters, irrespective of party, who wish business like conduct of the affairs of the County Infirmary, will vote for Messrs. Brubaker, Redman and Dudgeon. They have been tried and have not been found wanting in all the qualities that go to make good overseers of this, one of the most important public institutions in the county.

Could you if you were choosing candidates without regard to their politics, select three better men in the whole county than Redman, Dudgeon and Brubaker for County Infirmary Directors. They have been faithful and painstaking in the discharge of their duties and have always worked for the best interests of the unfortunate inmates of the institution.

## ERRORS ARE NUMEROUS

With the advent of the election, men who will serve on election boards begin to sigh because of the work that is ahead of them. Voters, many that have voted for years, persist in making mistakes, and, consequently, do not get to register their full will, because of a lack of understanding of how properly to vote.

Here are a few simple rules, which, if followed, will insure a voter that his ballot will count. First, use nothing but a black lead pencil. Use of indelible pencils, is not permitted. Second, if desiring to vote a straight ticket, place a cross in the circle at the head of the ticket which is to be voted. Let the cross be plain and in the center. Third, if a voter desires to scratch a ticket, let him place crosses in front of the name of every man for whom he wishes to vote. There are other ways to vote a scratched ticket, but the one mentioned is simple and leaves no room for doubt.

The only mark that counts is a cross. Letters, check marks and circles are not permissible, neither are the words "yes" or "no."

If a mistake is made, instead of crossing out a ticket or part of one, take the ballot to the judges, explain that the ballot has been marked wrongly and ask for another. The request will be granted.

Many men lose their entire ballot by placing a cross just outside the circle at the head of a ticket. It must be in the center. If, instead of using his judgment, the voter, when perplexed as to the proper manner in which to mark his ticket, would ask the judges on the election board for information, many confused voters would cast ballots that would be counted.

The simple rules here given will help to clear up a few perplexities, but in case of doubt, ask the election judges. One's vote is too precious to lose, simply because of avoidable errors.

## FROM MR. J. C. NOAH.

Editor Advocate: I have been much pleased to read the reports of Governor Harmon's speeches on the tariff, income tax amendment and other important issues in your most excellent paper during the campaign. I am a great admirer of Judson Harmon, and I think that he has made clear to the voters of Ohio the stuff the people are most interested in.

## LADIES, TOO, ARE HELPED

There are many ladies who do their own housework; that's commendable, too, but it means rough, red, cracked hands, but not if Manoline is used.

Manoline keeps the skin firm, soft and smooth. It is indispensable to a lady after she once knows the good she can derive from its uses, and they are many.

Get Manoline today, if you do not have it. Costs 25c., instead of One or Two Dollars.

## NEWARK BOY MEETS DEATH AT AKRON, O.

Plunging from a ladder on which he was standing, caused the death of Milton Buxton of this city in the Goodrich Rubber company's plant at Akron last night. Buxton's neck was broken by the fall, but full details of the accident are lacking.

Mr. Buxton, who was night electrician at the Goodrich plant, is supposed to have been at work, standing on a ladder, when he was shocked in some manner and knocked from the ladder to the floor, breaking his neck when he struck. He left Newark for Akron and took work in that plant about the middle of last July.

He was 22 years of age, and was to have been married on Thanksgiving day to Miss Clara Arden, a young woman of Mt. Vernon, who,

as soon as she was informed of the accident, left for Akron.

Mr. Buxton was born in Walhonding, Coshocton county, and was educated in the Mt. Vernon and Newark schools. His electrical education he received in the C. & G. Cooper Engine works at Mt. Vernon, and he was so proficient that he was able to take the important position of night electrician at the rubber plant. He is a son of Mr. and Mrs. James B. Buxton, manager of the McGee Star Graphite works on South Fifth street.

Another son, Noah Buxton, was killed by a train in Pittsburgh about four years ago. A sister lives in Columbus. The body of the young man will be taken to Mt. Vernon for burial by Mr. Buxton who left last night for Akron as soon as he had received word of his son's death. The burial will be made in Mount View cemetery, Mt. Vernon.

The trouble with the people who get to the front is that they feel so big the rest of us can't see over their heads.

## HOW OLD PEOPLE May Prolong Their Lives.

At an advanced age waste is more rapid than repair. The organs act more slowly and less effectively than in youth. The circulation is poor—the blood thin and watery—the appetite poor and digestion weak.

We want to say to every aged person in this vicinity that Vinol, our delicious cod liver and iron tonic (without oil) will prolong life. It creates an appetite, aids digestion and makes good blood. In this natural manner Vinol retards waste and replaces weakness with strength, giving new life to the worn-out system.

If people in this vicinity only realized how Vinol invigorates old people we would not be able to supply the demand.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. F. D. Hall, druggist, Newark, O.

## MEETING OF THE COUNCIL AT GRANVILLE

Regular Business Transacted and Special Meeting to Consider Addition to Village Will Be Called Later.

Granville, Nov. 2.—The regular monthly meeting of the town council was held Tuesday night, with the following members in attendance: Messrs. Ferguson, Jones, Partridge, Thomas, Rusler and Mayor Barnes in the chair.

Clerk Judson Evans read the minutes of the three preceding meetings, which were approved as read.

The report of the board of public affairs was read and on motion was received and placed on file, as were the financial reports of the month of October.

Clerk Evans called the attention of the members of council to the fact that in his opinion a set of fund account books for the use of the clerk was necessary. He was authorized to purchase the books.

An ordinance to accept the amended plat of a part of the Shepardson addition to the village of Granville was discussed at considerable length and was finally deferred for further action to a special meeting to be called by the mayor.

The mayor notified council that he had collected from July 6 to Oct. 1, \$16, from licenses, etc. The report was received and placed on file.

On motion of Mr. Thomas the mayor was empowered to employ special counsel in cases of emergency.

An ordinance to pay bills was passed.

Thomas McLaughlin, a young farmer living south of the village, met with a painful injury Tuesday. He was repairing the roof of a shed when he slipped and fell, rolling off the roof to the ground, a distance of about 12 feet. He was badly injured about the back and head, but an examination revealed the fact that no bones were broken.

Stock dealers have been scouring the township, looking up good fat stock, but have succeeded in corraling few head, it all having been contracted for months ahead.

The indications are that pork will be a great deal cheaper in Granville in the near future than it has been for some time past, as quite a number of the farmers of the township

are thinking of engaging in the business of raising hogs for the market.

Miss Della Hughes of Pickerington, O., after a pleasant visit with friends in the village, has returned home.

After the present raw weather, we may look for Indian summer. We have been having our annual "squaw winter," and a season of beautiful

weather may be looked for before winter actually sets in. There is no season quite so beautiful as that termed Indian summer, when all nature is dying or dead, and the soft winds seem to be sighing a sad requiem.

# Tracts For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.:—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman."

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St., North Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

# JUST LIKE GROWING ACTUAL MONEY

Come and Win Just the Same Grand Success as These People, at an Outlay of Only 4c a Day per Acre

JUST see what men and women are accomplishing in the wonderful Sacramento Valley, California, where rich, fertile land, watered by irrigating streams from the Sacramento River, can be bought at the wonderfully low price of *four cents a day per acre*, with permanent water rights confirmed by Act of Congress.

Mr. A. W. Yerxa in 1907 took 183 tons from 37 acres of prunes. The total expenditure in raising the crop was \$2,379.00, making a net profit for the 37 acres of \$15,921.00 or \$430.33 net per acre.

Mr. J. H. White's vineyard of 38 acres produces 50 tons of raisins a year, and 70 tons of fresh grapes; \$50 a ton for raisins, \$10 a ton for grapes. Net returns on 38 acres were \$6,210, or \$163 per acre.

Mr. J. K. Mills has 14 acres set in alfalfa which he cuts six times a year, getting 1 1/2 tons per acre each time.

Mr. W. F. Bart has seven and one-half acres in diversified products. From this he supports his family and makes \$1,000 each year besides.

The Most Wonderful Acre in the World

We do not believe there is another acre in the world that is so wonderful as this one we are going to tell about. An acre on a Broadway corner in New York would sell for more money, but this acre is a farm and

home with all the meaning that these words convey! It is right in our county of Glenn in the Sacramento Valley, and was once a tiny fraction of a great wheat field. Samuel C. Cleek bought it nearly thirty years ago. There was no water for it, but Mr. Cleek put down two wells and found water here for his acre. Every foot of that acre is in use. Here is an inventory: Cottage and veranda 30 by 30 feet; barn and corral, including two chicken houses, 75 by 75 feet; two wind mill towers 16 x 16 feet, garden 46 x 96 feet; strawberries 95 x 90 feet, citrus nursery 90 x 98 feet; containing 400 budded orange trees, row of dewberries along the fence, 100 x 2 feet, 4 bearing apricot trees, 2 oak trees, 6 fig trees, 10 locust trees, 1 paradise tree, 4 bearing bread trees, 30 rose bushes, 20 geraniums, 12 lemon trees, a lime tree, 8 bearing orange trees, 5 pomegranate trees, 6 beds of violets 6 x 2 feet, 1 patch Japanese bamboo, 1 bed calla lilies, 4 prune trees, 6 cypress trees, 14 stands of bees, 4 huge grape vines, 1 bed of sage, 1 large garden and flower seed bed, besides honeysuckle and other rare and beautiful plants and shrubs.

This is probably the best example of what an acre can do that has ever been worked out in America. This acre has not only supported Mr. and Mrs. Cleek, but they have long been able to put aside several hundred dollars yearly.

Everything Grows

And so on—almost without end. Everything grows—Almonds, Apples, Alfalfa, Apples, Beans, Blackberries, Cherries, Sugar Beets, Figs, Lemons, Grapes, Logan Berries, Oranges, Olives, Potatoes, Peaches, Prunes, Plums, Strawberries, Tomatoes and Walnuts. Many of the crops being repeated several times a season. Net crop profits run from \$30 to \$400 a year, per acre, while profits from oranges, figs and lemons frequently reach the high figure of \$3000 per acre.

**Sunshine the Year Round**

Two hundred and thirty-eight days of salubrious sunshine a year in the Sacramento Valley—more than in Southern Italy. No damaging frosts, snows, droughts, or cloudbursts as in the East. In Sacramento Valley the ground works for you nearly every month of the year, and fruits ripen six weeks earlier than in the Los Angeles district and the southern part of the State—due to protecting mountain ranges which enclose the valley. This means early markets, and right here let it be said that nowhere else are markets so convenient or so hungry as in the Sacramento Valley. Roads which radiate in all directions from the property make markets easy of access. Property is on the main line of the Southern Pacific Railroad. The nearby Sacramento River is open to freight navigation the year round. Only 88 miles to Sacramento; 150 miles to San Francisco. The Sacramento Valley Irrigation Company, headed by Mr. W. S. Kuhn, of Pittsburgh, Pa., is back of this project.

**A Wonderful Opportunity**

This land has already shown what it can do. Men and women who have shared the shackles of eastern farms are moving life to the utmost in the Sacramento Valley. It is the land for you. COME. Come and join those who are living here and reaping the great reward of their own labor.

So wonderful is the proposition that a mere advertisement cannot begin to do it justice. We have prepared a beautiful booklet showing the Sacramento Valley as it really is, with photographs of successful farmers already under way and giving full descriptions, with names and addresses of successful already accomplished. As an assurance of security as your part we charge ten cents for this booklet—a sum which does not begin to cover the cost to us. Send for the booklet. Do it NOW. Don't worry about the journey. We help you more, and give you every possible assistance in getting to California comfortably and cheaply. Our representative will call and explain it all personally.

Your opportunity is in your own hands. At least send for the book and read the facts. There is no further obligation. Fill in and mail the attached coupon to-day. The sooner you make the change you've been thinking of the sooner will success come your way. Send the coupon NOW.

### Quarter Century Ago

(From Advocate Nov. 2, 1885.)

Marriage licenses have been issued to George Hertlein and Eliza Graff, and Neil Floyd and Annie Turner.

Hon. Lekey Harper, editor of the Mt. Vernon Banner stopped over in the city this afternoon for a short time on his way home from Pittsburg, Pa., and made the Advocate office a friendly call.

We are glad to learn that Charles Bartholomew is convalescing after a severe illness.

Robert Shannon of Franklin's addition while on his way from Lockport to this city, was crossing the aqueduct and when near the middle lost his balance and fell into the creek bed, 30 feet below. His skull was fractured, his spine seriously hurt and he was injured internally. His death soon followed.

### Fifty Years Ago Today.

### Rheumatism in Ankles

**One Bottle of Rheuma Cured Woman Who Could Not Walk.**

Marvelous as this story may seem, it is absolutely true; but this is only one of the many almost magical cures that Rheuma is performing these days.

Mrs. Gertrude Kozel, Spithfield, Pa., wrote on Feb. 14, 1910: "I had rheumatism for over a year; it settled in my ankles and I could not walk. I have taken one bottle of Rheuma and do not have any more pain, and I can again walk at will."

Evans' Drug Store will sell any reader of the Advocate a bottle of Rheuma for 50 cents and guarantee it to cure any case of any kind of rheumatism or money back.

Gratifying relief comes in a day because Rheuma acts at one time on the kidneys, stomach, liver and blood, and starts to rid the entire system of poisonous uric acid at once.

Mail orders filled, charges prepaid, by Rheuma Co., Buffalo, N. Y. Write for free trial bottle.

English Marhu is the real remedy for Indigestion. 5 cents at Evans' Drug Store, or mailed by Rheuma Co., Buffalo, N. Y.

# When FORD Speaks The World Listens

Here's an announcement that will be welcomed by all people, who contemplate buying an automobile

"Buy a Ford car because it is a better car not because it is cheaper"---Henry Ford

## Model T. Touring Car \$780 Model T Roadster \$680

The same car without the following equipment:--Extension top, automatic brass windshield, 2 6-in. gas lamps, generator and speedometer **\$700.00**

The same car without the following equipment:--Extension top, automatic brass windshield, 2 6-inch lamps, generator and speedometer **\$600.00**

The "reason why" can be given in a few words. We are in the position to do business on a small profit.

We are going to make the FORD Model T indefinitely. All the necessary experiments have been made and paid for.

There is no philanthropy in this; we believe it to be good business judgement.

We have built and fully equipped the most complete automobile manufacturing plant in the world. All has been paid for from the profits earned on the business in previous years.

When Henry Ford built his automobile, he realized its importance as factor in the progressive business life of America and he determined to build a motor that would have the largest demand from ALL the people. He knew that such a car must be light in weight, reliable in construction, inexpensive to maintain and low in price.

We have no bond issues to pay off. There are no mortgages upon our property. We have no indebtedness. We do business on the "spot cash" discount basis, purchasing in large quantities, commanding the lowest prices in the market materials. Therefore we can well afford to sell the FORD Model T at the above low prices.

From that memorable day in 1903 when the FORD MOTOR COMPANY was organized, there has been no halt in the march of achievement. Ford has been "doing things" every day--working to one purpose: A car for the people with a price the people can pay.

Our factory is built for quality production. (285 complete FORD cars have been turned out in one day.) We can make 30,000 cars cheaper than we can make ten thousand. Where labor costs us one dollar, our overhead expenses cost a dollar and a half. Our factory is built to profit from quantity production. Thus, by reducing overhead cost per car we will build 30,000 cars for 1911 at less ratio of overhead cost per car than it did to make 20,000 cars in 1910--through materials and labor commands the same prices.

To fully achieve this purpose FORD cars must be made in such large quantities that a small margin over the cost would produce a satisfactory profit. Continuous quantity demand could only be assured through quality.

To establish quality, there must be specialization and organization to accompany inventive and mechanical genius.

Our normal working force is 4000 men, building 30,000 cars. Contrast this with factories employing from 7,000 to 12,000 men and making only 10,000 cars. Wages are a part of the cost of any car. Here's where FORD factory equipment and manufacturing organization reduces cost of production, while accentuating excellence in the quality of FORD cars. We can therefore afford to sell on a small margin profit.

From the beginning all FORD efforts have been concentrated upon one model. Concentration is a fixed principle with Mr. Ford in order that perfection of product may be had. And so, throughout the entire vast plant, in every department, every man and every machine is busy on the production of this one model.

The ideal FORD Model T. was attained in 1908. Since that time there has been little change in its design, but a continuous refinement in mechanical construction, each year bringing the Model T nearer the perfect automobile.

These are some of the reasons for the prices quoted above.

49,600 FORD owners are this minute proving the durability and economy of Ford construction. 49,600 Ford owners know that the FORD is built so light and yet so strong that it costs less to maintain than any other car. That is why the FORD is now and will continue to be the favorite and foremost among all family cars.

The FORD Model T is in every essential the same FORD of 1903, 1909 and 1910, the only difference being an advance in the refinement of several important features.

The FORD Model T has met all the demands of city and country life. It is a family car of pleasure, the fast car for the busy business men, the reliable car day and night for the doctor, the dependable car on the farm--all because of its being built to fill a practical mission--a car for the people, and at a price they can pay. It is light in weight, yet of giant strength in mechanical construction--a car of Vanadium steel.

Every strainbearing metal part of a FORD car is scientifically treated by passing through from three to four ovens, equipped with electrical temperature devices. Not one vital part is thus treated, but each bit from crank shaft to fender iron. (A FORD car may be lifted by its four fenders.) Strains are considered--sudden shocks, torsional strain and vibration. Pivots are necessarily differently treated than shaft drives because of the different strain to which they are subjected.

The FORD steel treating plant, perfected by Henry Ford, is the most complete in the world, possessing its own FORD steel analyses and quenching formulae.

The Ford Model T car weighs 1200 pounds, possessing one horsepower for each 33 pounds. The average touring car possesses one horsepower for each 70 pounds. A 1200-pound car takes less power than a 2000-pound car; therefore, in the FORD the power goes to carry the load and not the car. A 1200-pound car will not wear out a tire as quickly as a 2000-pound car. A 1200-pound car passes over a rough road with scientifically proportioned tires much easier and quicker than a car of 2000 pounds. Two and two still make four--and the light weight FORD car is still unapproachable by any other car of the same capacity in the smallness of operating expenses. You will admit this is significant.

FORD ingenuity has originated brakes, with breaking surface of 6.1 square inches per pound weight; the average is 5.1 square inch. FORD tires are the largest per pound weight of any automobile--2.32 cubic inches of tire per pound. Hence the FORD tire economy. There is no necessity for a FORD Model T to be equipped with extra tires.

The FORD magneto is an integral part of the unit power plant. No batteries are used, no brushes, gearing, or moving wires. Trouble makers have been banished. The whole is carried in the flywheel casing. A slight movement of the flywheel generates current enough to make a powerful spark.

Vanadium steel causes FORD repair bills to be less. FORD weight proportionate to the horse-power causes fuel bills to be smaller--tires to cost less. One gallon of gasoline carries FORD twenty to twenty-five miles. One set of tires carries a FORD from 5,000 to 10,000 miles.

The quality of materials and strength of mechanical construction carry it safely over bad roads while the lightness in weight means no limit of service for the power generated by the motor.

FORD "OWNERS' SERVICE" means satisfaction during the life of your car. Strike a ratio of fifty miles in almost any part of the country and there is a FORD dealer within it. Every FORD dealer must carry a full stock of repair parts. At our branch houses our stock of repairs parts is in every way as complete as our stock at the factory. With our numerous branch houses and thousands of dealers located in all parts of the world, FORD "owners service" is and has been the best owners' service furnished to any motor car owner. The FORD repair parts list contains the price of each replacement which an owner might need.

That is what FORD "OWNERS' SERVICE" means. Surely the FORD is the car you want. Make arrangements with DENIS WHITE for a demonstration. Send direct to factory at Detroit for FORD descriptive literature.

##### New Treatment for Tramps.

The Pennsylvania is about to essay a new treatment of the tramp nuisance, which, if it is found to work satisfactorily in its experimental stage, will be adopted as a permanent policy. Hereafter when tramps discover any person stealing a ride, he will be searched and asked his destination. When money is found and a tramp is seldom without some, he will be given the alternative of purchasing a ticket to the destination given or being put to work on a stone pile. The old system of sending tramps to prison over night or for a longer time even, has proven unsatisfactory, according to railroad officials, since it means merely free lodging and meals for a time, after which they are cast adrift to again become a nuisance to public and railroads alike. It is believed by the railroad management that by reason of their aversion for work, most of them caught aboard trains will pay their fares and that when the new practice comes to be generally known the evil will diminish rapidly.

The Pennsylvania railroad system will shortly have available for use on its lines east and west of Pittsburgh, and Erie 1988 solid steel passenger equipment cars. This includes some 600 Pullman parlor and sleeping cars, as well as a large number of suburban coaches such as company's shops are just beginning to turn out.

## BURSTING

HEADACHES THAT DRIVE WOMEN DISTRACTED. DR. GREENE'S NERVURA, THE GREAT SPECIFIC.

Headache is the commonest form of misery, but it's awfully wearing. By the time you "get used to" headaches your beauty has fled forever.

Mrs. H. Palmer, 125 Springfield Ave., Newark, N. J., says:

"I had been suffering for a long time with headache and backache. I expected to be confined, and I suppose that made me worse, but my back ached sometimes so that I wanted to scream. My head was ready to burst, too, and I felt dizzy. Spells that frightened me so I was afraid to go far from home, for fear I would get sick and faint."

One day my husband came home and told me to take Dr. Greene's Nervura blood and nerve remedy, which he said would do me good, and stop my backache.

I took it, and am thankful to say it helped me wonderfully. I feel like a new woman.

Constant headaches and backaches will ruin your health and your life. They will wreck your disposition, and make you old. Other troubles will follow perhaps, and most likely are upon you now. Drive them back, and help yourself with Dr. Greene's great medicine. Special advice is yours free for the asking. Call or write to Dr. Greene, 9 West 14th Street, New York City.

for all women in my condition. Its sustaining power is simply wonderful. It strengthened my entire system. My backache and headache were both the result of the extra strain on my nerves. Dr. Greene's Nervura blood and nerve remedy strengthened my nerves, enabled me to stand it. I recommend Dr. Greene's Nervura blood and nerve remedy to all nervous women, and I give this letter for their benefit.

## GOV. HARMON

(Continued from Page 1.)

ernor defeated the bill because of a lack of interest, as charged, such developments to have been in the interest of all business of Ohio.

4. Mr. Garfield also persists in repeating the baseless and malicious charges of rebating and tax evasion by me, as receiver of the C. H. and D. railroad, in the face of the plain facts which have been published. He lives in the city which has surprised the country by its magnificent progress. If he still claims to be progressive himself, since his belated support of "Standpat" Harding, he should get up fresh falsehoods of his own and not father the exploded ones concocted by others. Still, in view of his celebrated report on the Beef Trust, the people would hardly set much store by an investigation made by Mr. Harding himself.

Having thus paid his debts to Mr. Garfield, the governor turned to his opponent, Mr. Harding. This candidate, he said, persisted in repeating his Cleveland speech at other points, even after complete and sufficient explanations had been made within 24 hours after he first uttered it. It was his duty, the governor felt, to state the facts again for the benefit of the citizens of Cleveland. He did it in this fashion:

1. The C. H. and D. Railroad Company did not evade its taxes, and Mr. Harding does not say it did, but only suggests it by inference wholly unfounded.

2. I did not make the tax returns, as he would have the public believe. They were made by Captain R. F. Rittenberck, the same man who made them for 22 years. He swore to their correctness, and public asserts it now. His statement is as follows:

"I have been connected with the C. H. and D. Railroad Company for 22 years, during 19 of which I was tax agent of the company, including the time in which the road was in the hands of Judson Harmon as receiver. During all of that time I prepared, swore to and filed the tax returns of the company, including the tax returns of the receiver, without submitting the same to either the president or receiver, and these returns were correct as made.

"The tax returns made by me during the receivership were in every respect made in the same manner as prior to the receivership, and since in the usual course of my duties as tax agent, and were made in the same way that returns were made for the other roads.

"Morrison R. Waite, general solicitor of the C. H. and D. during the year said:

"The tax returns of this company which were made this year, were made in the same manner as during the receivership, and included no stocks and bonds. In my opinion the returns were correctly made and the railway company had no stocks and bonds which it was proper for it to return for taxation under the laws of Ohio.

"There were no rebates granted to any one, and I challenge Mr. Harding to rectify a single case, Mr.

OHIO AND LITTLE KANAWHA RAILROAD COMPANY.

Newark, Ohio, October 26, 1910. Notice is hereby given that the Annual meeting of the stockholders of the Ohio and Little Kanawha Railroad Company will be held at the office of the company in Newark, Ohio, on Wednesday, November 23, 1910, at 11 o'clock A. M. for the election of directors for the ensuing year and for the transaction of such other business as may lawfully come before it.

C. W. WOOLFORTH, Secretary.

LEGAL NOTICE.

The Electrical Installation company, a foreign corporation and non-resident of the State of Ohio, and being a corporation incorporated under the laws of the State of Illinois, and not having complied with sections 143, 145C and 147B, Revised Statutes of Ohio, will take notice that on the 22nd day of August, A. D. 1910, The Jewett Car Company, plaintiff, filed a petition in the Court of Common Pleas, Licking County, Ohio, against it, as defendant, in case No. 15746 in which petition plaintiff claims judgment against defendant in the sum of \$350.00, with interest thereon from May 21st, 1909, on a promissory note of which defendant is the maker.

An order of attachment against said Electrical Installation Company has been issued in said action to the Sheriff of Licking County, Ohio.

The said Electrical Installation Company is required to answer the petition in the above action by the 3rd day of December, 1910.

THE JEWETT CAR COMPANY.

Charles W. Miller, Attorney for The Jewett Car Company.

Thomas, general traffic manager, has published my letter of instructions to allow none, nor special favor of any sort.

"The C. H. and D. railroad was insolvent until I relieved it of its burden of debts. It had never, properly speaking, any money on hand. All that it took in was promptly paid over to its creditors.

"No claims were paid except as ordered by Judge Horace H. Lorton, who appointed me receiver.

"Mr. Harding has made no investigation of the matter he proclaimed from the platform. It was furnished to him by Tax Shark Billy Thorndyke of Cincinnati, the attorney for George B. Cox's machine, and the defender of all political scoundrelism aimed at the prostitution of the election machinery.

"The railroad was returned to the company on the express condition that it pay all debts and obligations arising during the receivership, and the suit in which I was appointed is still pending to secure such payment. So that all that need be done is to apply to the court to order the payment of taxes if the proper amount is not paid. I invite Thorndyke and Harding to have this done if they make their charge in good faith.

"While I have not been formally discharged as receiver, I have had neither duties nor pay since I turned over the property in the summer of 1909."

## Cure Yourself With 2c Turkish Bath

Remarkable Results of Robinson "Thermal" for Rheumatism, Nervous Breakdown, Kidney Trouble, Skin and Other Diseases.

Does What No Drug on Earth Can Do.

The results produced by a Robinson "Thermal" Bath inside of 30 minutes are almost beyond belief. Physicians everywhere are changing from drug to thermal baths in the treatment of many diseases.

It has been found for instance, in the case of rheumatism, that uric acid in the blood can be extracted from the system completely in a few days' time.

Eczema can be completely cured within a week.

After one or two thermal baths, nervous wrecks find the change to strength and vigor hard to realize.

Similar results are obtained in cases of kidney trouble, neuralgia, pimples, all skin diseases, throat and lung trouble, insomnia, constipation, lumbago and rheumatism.

It is now possible for any man or woman to have Robinson Thermal baths at home with hardly any trouble at all, and at a cost of only a few cents.

Whatever your disease or ailment, get a Robinson Thermal Bath Cabinet, and you will not only be cured quickly but realize a joy never felt before, what real vigor and health are.

The Robinson Thermal Bath Cabinets are exhibited and for sale in Newark at W. C. Erman & Son, City Drug store and R. W. Smith's.

Go and examine them. Ask the dealer to show you the book of the century, "The Philosophy of Health and Beauty," price two dollars, but given away free for a limited time. If you cannot go and see these wonderful cabinets send your name and address to the Robinson Mfg. Co., Suite 102 Snowflake Bldg., Toledo, Ohio, for full illustrated information, free.

## COURT NEWS

Common Pleas Court.

The case of Margaret J. Wise vs. the Ohio Electric Railway Co. is on trial to the court and jury. Plaintiff brings suit to recover damages for personal injuries sustained while alighting from a car at Bowers avenue, in June, 1909, claiming that the car was negligently started before she had had an opportunity to alight, throwing her to the pavement and permanently injuring her. At 1 o'clock Wednesday afternoon counsel for the parties made an amicable settlement of the suit and the case was

adjusted without concluding the trial.

The case of Katsampus & Barouxes vs. Eli Hull will be taken to the circuit court by plaintiffs. The suit was brought to recover damages to plaintiffs' stock of goods alleged to have been caused by the tearing down of the north wall of the old Hull building.
